SIX THOUSAND CHILDREN FREE FOR NINE WEEKS

Scholars of Victoria High and Graded Schools Start Long Summer Vacation To-day Until September 4; Summer School to Draw Large Convention Here Next Month

With Tuesday, September 4, the date of the reopening of the schools very far away in their minds, 6,000 students of grade and High Schools of Victoria to-day closed their desks for the last time before the beginning of the long vacation, which opens to-morrow. Books, rulers, pens and other accessories of school life were tucked away to-day with great satisfaction on the part of the eager vacationists.

CLOSING EXERCISES

The break-up of the schools is attended by closing exercise at the High School and at George Jay School to-day, other schools having already completed the closing programme earlier in the week. Concerts are to be held at the High School and George Jay, while most of the grade schools had brief ceremonies this morning in the presence of parents and playmates of the students.

Examinations papers were written at the High School all week, in tests now coming to a close.

SCHOOL FOR TEACHERS

The next event on the school calendar will affect teachers and not students, and that is the opening of the Summer School of Instruction here. Under the supervision of the Department of Education, the Summer School attendance has steadily grown, and this year is expected to exceed former totals with the registration of teachers from every part of the Province.

The curriculum this year will be announced shortly, and it now in preparation under John Kyle, Director of Technical Education. The courses will open in the course of the next few weeks, and will be largely attended.

The Summer School for teachers scheme was instituted in 1914 and in its second year had an enrolment of 800 teachers here for post-graduate courses in special branches of their work. The plan has proved popular, and despite a closing down for the major period of the war, is flourishing yearly to renewed success.

Promotion lists were announced in the public schools to-day is follows:

REPAIRS DELAY OCEAN FLIGHT

Courtney Plane, Bound For Halifax, Held at Azores For a Day

Horta, Azores, June 29.—Damage to the wireless equipment of their plane made it doubtful if Capt. Frank T. Courtney, British flier, and his three companions would be able to continue on their transatlantic flight to the United States by way of Halifax to-day as they had planned.

When the Courtney party's plane arrived at Horta yesterday, after a thousand-mile hop from Lisbon in eleven hours, it was found one of the parts of the dynamo giving power to the wireless equipment had been broken. Fred Pierce, mechanic of the plane, was trying to make another part to-day.

Z. B. Hosmer, Montreal, banker and backer of the flight, has been inseparable from the biggest sort of a cigar, and has been amusing the people of Horta very much by his good natured ragging of his companions. He said to-day he was unable to get the taste out of his mouth of the quantities of milk and chocolate he had consumed during yesterday's flight.

The fourth man in the plane is E. G. Gilmore of Glasgow, wireless operator.

The machine is a twin-motored flying boat.

RESIGNS OFFICE

BASIL GARDOM
superintendent of construction and maintenance, C.P.R. hotels, who is resigning.

RESIGNS FROM C.P.R. SERVICE

Basil Gardom, Superintendent of Hotel Construction, Will Make Headquarters Here

Basil Gardom, superintendent of construction and maintenance of C.P.R. Western Hotels, is relinquishing his position with the company. Mr. Gardom has had entire supervision of the Chateau Lake Louise extension and for the last two years has been in charge of important extensions to the Banff Springs Hotel, where a new wing has just been completed. For the last twelve years in the Rocky Mountains, he has had charge of the operation of the Lake Louise tramway, the development of hotel grounds and trails and hotel construction.

His department devised schemes and executed plans of all the C.P.R. bungalow camps, rest houses and Alpine huts in Canada and made arrangements for their operation.

Mr. Gardom is a member of the Alpine Club of Canada and vice-president of the Banff Winter Sports Club. He has been identified with all movements to attract tourist traffic over the company's system.

Mr. Gardom was responsible for the Crystal Garden scheme and designed and supervised the construction of the handsome building which contains the largest salt-water swimming pool in Canada. It is understood that Mr. Gardom will shortly come to Victoria for a holiday and it is expected that his energies will be directed towards development on Vancouver Island.

HYDER, ALASKA, SCENE OF FIRE

Nine Buildings in Mining Town Destroyed; Losses Put at $100,000

Stewart, B.C., June 29.—Fire yesterday afternoon caused a loss of $100,000 in Hyder, Alaska, just across the border from Stewart, when nine business establishments, including the Province Hotel, the post office and the United States marshal's office, were destroyed.

Hard labor on the part of the volunteer brigade, aided by the Stewart department, saved the Bank of Hyder building and the Rosenstein Stores.

The hotel was crowded with guests at the time, but all escaped, although several suffered heavy personal losses.

CITY-AIDED FILM PLAN IS ABANDONED

A special meeting of the City Council that had been called for 4 p.m. was cancelled by order of Mayor J. C. Pendray at noon to-day. The council was to have met to consider the terms of the "Pacific Picture Limited Agreement By-law," but council opposition to the plan led to its abandonment while still in the committee stage.

City Assessor Will Conduct Traffic Count

Keeping a check on the pedestrian traffic pulse of the city tallymen will take a simultaneous count at thirty-six corners of the business section on Saturday, between 11 a.m. and noon, and again between 4 p.m. and 5 p.m., for the information of the city assessor's department, it was stated at the City Hall to-day. The results of the simultaneous traffic counts will be co-ordinated and are expected to show any changes in pedestrian streams in the shopping hours of the day.

GLOBE CIRCLERS GAIN TIME AT START OF TRIP

New York, June 29.—John Henry Mears and Captain C. O. Collyer, who took off in a seaplane from the Battery to-day to overtake the steamer Olympic in an attempt to break the record for the fastest trip around the world, safely boarded the vessel from the pilot boat, forty-five minutes later says a wireless message. The men saved five hours.

Mears and Collyer are due in Victoria July 21 aboard the liner Empress of Russia from the Orient.

Victoria Prepares Celebration For Dominion Day

Parade, Sports, Regatta, Fireworks, Dances and Ceremonies Included in Attractive Programme Opening To-morrow and Continuing Until Monday

Victoria's Dominion Day celebration will open to-morrow at 2.30 with five-a-side football competitions at the Royal Athletic Park and continue until the playing of the National Anthem at the Dominion Day serpentine dance at the Crystal Garden on Monday.

A programme of events which will appeal to all, from the smallest tot to the oldest citizen has been arranged by the committee, which has left no stone unturned to make this year's celebration worthy of the occasion.

FEATURE ATTRACTIONS

Baseball, lacrosse, field and track events, soccer, regatta and softball will round out one of the most extensive sport programmes ever presented on such an occasion. A fireworks display in the Inner Harbor, night run by members of the Victoria fire department, comic musicians playing at down town inter-sections, introduction of "King Canuck," serpentine dance at the Crystal Garden, musical festival at the Arena and an address on "Our Heritage" are the numerous features that have been arranged to complete a lengthy and attractive programme.

A novel five-a-side football has been arranged as the opening act in this great show. Ten teams, eight senior and two junior, have entered with the first games starting at 2.30 o'clock sharp at the Royal Athletic Park to-morrow. The winners in each class will each receive silver cups, the gift of the Dominion Day celebration committee.

Saturday evening at 6.30 o'clock Axioms and Rainbows, undefeated ladies' softball teams, will clash at the Royal Athletic Park to decide the City League champions.

This is the first time that the fairer sex have ever participated in an event of this nature, and great interests is being taken in the game.

"KING CANUCK"

The first original feature will be the arrival in the heart of the city of "King Canuck" at 8 o'clock on Saturday. A monarch for two hours only, "King Canuck" will carry a $10 bill,

FARRIS AND IVEL SPEAK TO-NIGHT

N. W. Whittaker Speaks to Saanich Electors

J. W. deB. Farris, K.C., and William Ivel will speak in support of N. W. Whittaker, the Saanich Liberal candidate, at a meeting of the Saanich Liberal Association to be held in the Lake Hill Community Hall to-night at 8 o'clock. Mr. Farris is known as one of the ablest public speakers in British Columbia, with the gift of presenting arguments in an interesting manner.

Last night Mr. Whittaker addressed the electors at McKenzie Avenue School and received another of those cordial receptions which have feature the campaign in Saanich.

H. M. Davey of Victoria, and F. Simpson also spoke. Mrs. J. McN. Beckett presided.

100 DEATHS IN JAPAN FLOODS

Property Losses in Western Part of Islands Put at Total of $5,000,000

Osaka, Japan, June 29.—A death toll of at least 100 is reported from Western Japan, where floods have been causing devastation and great property losses.

The flood is particularly severe at Kinushu, where 1,500 houses and 70,000 acres of land are under water.

A force of 4,000 troops has been ordered to assist in strengthening the river embankments at Kumomoto and maintaining communications between Fukuoka and Saga.

It is estimated the property damage will exceed $5,000,000.

HEARD NEWS OF HIS NOMINATION IN U.S. BY RADIO

GOVERNOR AL SMITH
of New York, Democratic candidate for the Presidency of the United States.

Albany, N.Y., June 29.—After Governor Alfred E. Smith by radio last night had heard himself nominated at the Democratic National Convention at Houston, Texas, for the Presidency of the United States, he confessed he had not been as calm as he seemed.

"My heart is where my palate ought to be," he said.

COUNSEL ASKS MAYOR STAND COURT TRIAL

Arguments By McGeer Heard By Commissioner at Vancouver Police Inquiry

Vancouver, June 29—Final and complete explosion of the theory that gambling was permitted to continue outside Chinatown in Vancouver in the Fall of 1927 because Mayor Louis D. Taylor wished police officers to concentrate on the suppression of major crimes, is contained in the evidence of the Mayor himself, according to the argument of G. G. McGeer, K.C., counsel for Police Commissioner T. W. Fletcher. Mr. McGeer began his argument before Commissioner R. S. Lennie at this morning's session of the Vancouver police inquiry.

In a lengthy brief covering his argument, Mr. McGeer contended the mayor had declared the only occasion on which he had mentioned leaving gambling alone and urged concentration of major crime was on November 7, 1927.

OFFICERS' EVIDENCE QUOTED

Throughout the entire inquiry, Mr. McGeer contended, Chief of Police H. W. Long and Inspector John Jackson had tried to justify gambling on the ground that the mayor wished the police to "go after" major crime and that gambling had got out of control in 1927 because officers were engaged in combating more serious offences.

British By-election Is Won By Liberals

Carmarthen, Wales, June 29—The Commons by-election caused by the raising of Sir Alfred Mond to the peerage has resulted in a Liberal victory. Lieut.-Colonel W. N. Jones being elected by a margin of fifty-three votes.

Lieut.-Colonel Jones received 10,207 votes; D. Hopkins, Labor, 10,154 and Sir Charles Mansel, Conservative, 8,361.

The vote was larger than in the general election of 1924, when Sir Alfred was elected with 17,281 to 7,953 for Rev. E. Towen, Labor.

LITTLE JOE

Robinson Joins Smith As Democratic Candidate In Election In United States

Governor of New York Stands for Presidency of Republic, With Arkansas Senator Chosen at Convention at Houston, Texas, To-day, as Candidate for Vice-presidency; Democratic Delegates Separate After Four-day Gathering in Southern City

Houston, Texas, June 29.—Governor Alfred E. Smith, of New York, nominated last night as Democratic Party candidate for the Presidency of the United States, will have as his running mate Senator Joseph T. Robinson of Arkansas, who was nominated candidate for the Vice-presidency by the convention here to-day before it ended its labors and adjourned sine die at 1.47 p.m.

The nomination of Senator Robinson to-day was like that of Governor Smith last night, a smashing first ballot triumph over a scattered field of rivals. For the last twenty-four hours there had been little doubt of his victory, and at the outset of to-day's proceedings he left his post as presiding officer of the convention and retired to his hotel while his nomination was being consummated.

The prohibition issue, which had been mixed with the Smith and Anti-Smith tug-of-war from the beginning, disappeared from the convention picture as if by magic just before Governor Smith was nominated for the Presidency last night.

PROHIBITION PLANK

After many hours of debate in committee and sub-committee, a plank was found that satisfied the most prominent of the Smith and Anti-Smith leaders. Composed of only two sentences, it declares the Republicans have not enforced the prohibition law and pledges the Democratic nominee to make an honest effort for enforcement of that and all other statutes. Then in less time than it takes to tell it, the committee report was adopted with a crashing chorus of approval and only a few scattered "Nos."

FARM POLICY

The only other part of the Democratic declaration of principles to make serious trouble in committee was the main party farm plank. As finally adopted, it pledges the party to take immediate and effective steps to deal with the problem of farm surpluses and the rehabilitation of agriculture generally. Some party leaders believe Governor Smith will make a more definite announcement on this subject early in the campaign.

CANDIDATES GREETED IN WEST OF CITY

Alderman Dewar, M. W. Graham, W. T. Straith and Mrs. Smith Speak

Enthusiastic Crowd Hears Record of Liberal Progress and Prosperity

In rousing speeches, greeted with vigorous applause, Alderman R. A. C. Dewar, Mark W. Graham and W. T. Straith, Liberal candidates for Victoria in the forthcoming election, supported by Mrs. M. E. Smith, Liberal candidate in Esquimalt appealed for the support of electors in Victoria West last night and extolled the record of the Liberal administration.

The meeting was held in Stanley Hall with J. Burgess in the chair. In addition to the speakers and chairman, C. J. V. Spratt, president of the Victoria Liberal Association, was on the platform.

Opening his address, Alderman Dewar paid tribute to the other candidates on the platform. He appreciated the service of Mrs. Smith, he said and was certain the women in particular would support the Liberal Government and Mrs. Smith in Esquimalt at the polls.

AN ABLE LEADER

Premier MacLean was ably fitted to act as a leader, said Alderman Dewar. He had served in various capacities as a minister of the crown during the Liberal administration and the Province was assured of a splendid leader of sound judgment, of integrity and one who is very, very familiar with conditions in the Province.

Mr. Graham's work in connection with the Jubilee Hospital Board, the Y.M.C.A. and the Kiwanis Club among his other activities were well known, Alderman Dewar pointed out, also referring to Mr. Straith and his activities in boys' work and the Junior Chamber of Commerce.

Alderman Dewar dealt especially with labor and social legislation enacted by the Liberal Government.

HELPED LABOR

The establishment of the Department of Labor in 1917 to handle the administration of labor laws, to collect and publish material beneficial to industries, to improve relations between employers and employees and to establish employment agencies, has been a progressive step, he said. In this connection he referred to strike settlements which had been effected as a result.

Employment agencies previously established had been unsuccessful, chiefly owing to the charge made for securing a man employment, Alderman Dewar continued. These had been abolished and free agencies established.

The speaker outlined legislation enacted in connection with labor problems.

PEER IS GIVEN TERM IN PRISON

In London Lord Terrington Admits Fraud; to Serve Four Years

London, June 29.—Lord Terrington to-day pleaded guilty to charges of fraudulent conversion of money entrusted to him by clients and was sentenced to four years' penal servitude. He has been in prison since his extradition from France last Spring, bail having been denied him.

Lord Terrington was charged with converting $350,000 to his own use, the funds belonging to a number of his clients.

He is a Yorkshire peer who had been acting as a solicitor.

YOUNG MAN WAS KILLED BY FALL FROM TRAIN

Spence's Bridge, June 29.—A verdict of "death through misadventure" was returned by a coroner's jury here last night after it had inquired into the death of John McCurrach, twenty-two, Vancouver, who fell from a train and was killed half a mile from here Wednesday afternoon.

The young man, who was born in Victoria, is survived by his widowed mother, Mrs. F. McCurrach; one brother, Allan, and a sister, Mary, residing at the family home in Vancouver.

After working in Vancouver for three years, the young man resigned his position one week ago to go to the interior of British Columbia.

Metchosin Farmer Ends Life After Shooting His Wife

Killed by gunshots, Henry George Mitchell and his wife Isabella were found dead in the dining-room of their Metchosin farm home yesterday afternoon by Arthur Jones, a neighbor.

The dead man was shot twice in the lower right side and once in the head, a portion of his jawbone being blown into the ceiling.

Mrs. Mitchell was shot in the right temple. The slaying occurred as the couple sat down to their midday meal.

Provincial police officer ascribe the double tragedy to murder and suicide by Mr. Mitchell, who has been in ill-health for some time. The inquest will be held at 10 o'clock on Tuesday morning at the Sands Funeral Parlors, where the remains now rest.

IMPERIAL VETERAN

The couple were highly respected residents of Metchosin, where Mr. Mitchell had lived for twenty years. He was an Englishman, and a veteran of the Eleventh Hussars, with which regiment he saw service in the South African war.

The couple were married twelve years ago, and were believed to be extremely happy together. Mr. Mitchell is believed to be about fifty years of age, his wife being five years younger. Three weeks ago the husband executed a will in favor of his wife, naming two neighbors as executors. The seventeen acre farm is a well appointed and valuable property.

NELSON HEARS B.C. PREMIER

Development of Province Must Be Pressed, Dr. MacLean Tells Large Audience

Nelson, B.C., June 29.—"British Columbia's finances were never in better condition and we have not strained our credit," said Premier J. D. MacLean in an address here last night. "We are a wealthy Province and we have the assets to justify us in borrowing for industrial expansion and settlement.

"If I am retained as Premier I shall continue to spend the people's money in this manner."

The meeting addressed by the Premier was one held in support of D. W. McLean, Liberal candidate in the constituency of Nelson for the Legislature. Both the Premier and the candidate were heard with the closest attention and were given ovations by the large audience, which filled the hall.

SERVICE STATION FOR YATES STREET

Thomas Lumsden Buys Property and Will Proceed With Building Plans at Once

A modern service station of stucco construction will be built immediately at the northeast corner of Yates and Quadra Streets on property acquired for the purpose by Thomas Lumsden, well-known local automobile tire dealer.

The property, which has been held by the S. M. Hartman estate for a number of years, has a frontage of sixty feet on Yates Street and 120 feet on Quadra Street.

The plans for the service station are being prepared and the latest equipment to be installed includes hydraulic lifts and brake and drum testing machinery.

The property deal was put through by E. F. Burton of P. R. Brown & Sons.

TWO DEATHS IN THUNDERSTORM

Heavy Rain in Ottawa District; Property Losses Are Reported

Ottawa, June 29.—The Ottawa district is recovering to-day after one of the worst electrical and rainstorms in years, which yesterday resulted in the deaths of two persons and caused considerable property damage.

Lucein Lalonde, seventeen, and John Cunningham were killed by lightning.

There were three storms, two of about equal severity, one in the afternoon, in which Lalonde was killed in Hull, and the other in the evening, which brought death to Cunningham, a farmer at White Lake. Lightning struck in many places and about the city and rain fell in torrents. Hundreds of cellars were flooded.

The Oshawa fire department was kept busy during the storms, putting out fires on poles carrying electric wires, caused by transformers burning out. St. George's Anglican Church was struck twice. The top of the spire was knocked down and the front of the edifice damaged.

FARM LOSSES

A checkup of the district around Ottawa shows heavy losses to barns and outbuildings as a result of fires caused by lightning. Four cows were killed. At Bell's corner, five miles west of Ottawa, three cows owned by Thomas Hammell were killed by lightning while grazing in a pasture. Another cow belonging to Marshall Rathwell at Haven was killed.

YOUNG WOMAN FELT PUFFED UP AFTER MEALS—WAS TIRED AND DROWSY—HUSKY RELIEVES HER

Couldn't Do Anything After Eating, She Felt So Limp; Headaches Followed and She Couldn't Get to Sleep at Night; Was Getting Weaker Every Day; Then a Friend Recommended "Husky"

"Why, my stomach has been upset and paining me for two years when I began using Husky and yet I have been completely relieved," says Mrs. Y. St. Jean, 5201 Cartier Street, Montreal, who is enthusiastic about the results she is obtaining from the use of the medicine called "Husky."

"Before I began using Husky, whatever food I would eat would never digest and I would feel puffed up and uncomfortable. After each meal I had very bad palpitation of the heart and my whole system was affected. I would feel too weak and drowsy to do anything. Then a bad headache would come on and I would have to give up. I had a hard time getting any relief because I couldn't get to sleep at night."

Continuing, Mrs. St. Jean said: "I was getting weaker every day and a friend of mine noticed how bad I was feeling. She said Husky was just the medicine for me so I started taking it regularly as she advised. I have already taken several bottles and I have really been surprised how Husky has just taken the gassy, puffed up feeling from my stomach and made my food digest without any pain to me as before. For some time now I have been sleeping all night and I don't get those weak, drowsy feelings or headaches now. I have completely regained my health, thanks to Husky."

Too much acid in the system is causing much suffering similar to that which Mrs. St. Jean endured and a well known health authority, speaknig of this trouble, recently said: "More and more weak, run down conditions and disorders of the stomach, liver and kidneys are attacking men and women everywhere as a result of chronic acidity of the system."

Chronic acidity irritates and weakens the membranes of the stomach and bowels, causing food to form in a sour, gassy mass in the stomach instead of digesting properly. The food is not assimilated or eliminated properly and poisons get into the blood—headaches, dizzy spells, rheumatic pains, drowsy feelings, nervousness or constipation often tell you that this condition exists. Because "Husky" combats this acidity and sweetens the stomach it is especially recommended to relieve these common ills.

Get a bottle of "Husky" to-day and you will soon realize that this medicine is one of extraordinary merit. Thousands are regaining health through its use.

FEELS FINE NOW

MRS. Y. ST. JEAN

EATS WHAT HE WANTS AND NO GAS FORMS ON STOMACH NOW

"I Am Singing the Praises of Husky Wherever I Go," Says Walter Amos as Indigestion, Constipation and Kidney Pains Disappear

"I have suffered untold agonies for the past three years from a gassy condition of the stomach, constipation and kidney ills and I would be suffering with them right now if I hadn't turned to Husky," said Walter Amos, 17 Aziel Street, Toronto, when talking to two friends recently about his health and how much better he is feeling since he has been using the medicine called "Husky."

"I had taken every kind of medicine you ever heard of, but I got no relief until I used this Husky," said Mr. Amos, who continued "I was having agony from gas on my stomach, pains in stomach and chest and bloated feelings after every meal and my kidneys were in such bad shape that the small of my back ached. I was advised to give Husky a trial and much to my surprise I soon found I was getting better.

"I found I could eat anything I wanted and it didn't hurt me, gas stopped forming in my stomach. My digestion is good and my kidneys are strengthened. Constipation is a thing I don't worry about for my bowels are regular once more. I feel better than I have in a very long time and I am singing the praises of Husky wherever I go."

"Husky" Is Recommended and Sold by the MACFARLANE DRUG COMPANY and Other Good Drug Stores Everywhere.

LOCKLEY HOLDS SCHOOL BOARD CHAIRMANSHIP

Refuses to Resign After Taking Advice on Eligibility For Office

The legality of Alex. Lockley's position as chairman of the Esquimalt School Board, disputed on the point of taxes on his Esquimalt property, was the storm centre at a meeting of the board held at Lampson Street School last night.

After passing the minutes of the last meeting, Mrs. Isbister moved that communications relating to the chairman's position be read prior to the transaction of the ordinary business of the board. In compliance with the wishes of the members, Mr. Lockley read a letter on the subject from E. V. Finland which read in part as follows:

In considering the provision of Section 131 which has been invoked against you it is important to bear in mind that trustees in rural school districts are elected for three-year periods. The clear intention of the Public Schools Ac is that the rural school districts trustees may be elected only from those persons who are assessed and taxed in the district for school taxes pursuant to the Public Schools Act and only then from those who have paid such school taxes for the calendar year preceding an election.

Since the prompt payment of his school taxes is vital to the qualification of a rural school trustee it is not surprising that the Act should provide for his disqualification if he should fail to pay in the year in which they become due his school taxes for any of the three years for which he is elected. This is the intention and only effect of the provision of sub-section C of Section 131 (2) which we are considering.

"POORLY DRAFTED"

On the whole I have no hesitation in saying that these provisions of the Public Schools Act are very poorly drafted. So much is this the case that there is some excuse for the confusion existing in the minds of those persons who think that you are disqualified.

As I have pointed out above in municipal school districts the trustees are "owners of land" and in rural school districts they are "ratepayers." Consequently the disqualifying provision in subsection C of Section 131 (2) reading "or being a ratepayer in the school district of which he is trustee, fails to pay in full the school taxes from him therein on or before December 31 of the year in which they become due," can apply to rural school trustees and therefore does not affect in any way your status as a member of the school board of Esquimalt.

I might say further that the opinion of the Deputy Attorney-General on this question if he should give a considered opinion which he has not done would undoubtedly be entitled to respect. However, it would only be the opinion of a lawyer and in no sense more final than the opinion of any other lawyer inasmuch as he is in a way established a tribunal to settle such a question.

I feel satisfied that the persons seeking to disqualify you have been carried away by their misunderstanding of the intention and effect of Section 131 which would have been avoided had they taken private legal advice instead of imposing upon very busy government officials who have not been able to give the question the proper consideration mainly because the full facts and circumstances were not placed before them.

Following this Mr. Lockley read a letter from the Deputy Attorney-General, stating a complete appraisal of the situation could only be made when all the evidence relating to the case was before him.

Mr. Lockley added he would, if necessary take legal action to clear his name and that of his family which, he added, had been dragged through the mud during the disagreement. He attributed the interference in the work of the school board to petty personal motives rather than to the genuine desire to obtain justice.

WILL CONTINUE TO ACT

Major J. A. Crompton said that as far as he could understand it was not a matter which the School Board could settle but one whose solution would have to be sought outside the executive by the Voters' Association, the organization which brought the quarrel to a head. Mr. Lockley replied that until he was sure that he had no right to the chairmanship of the board he would continue to act in that capacity.

To this Mrs. King answered that she too had been to see Dr. S. J. Willis and on his advice had sought independent legal counsel and as a result of this she was positive that, although Mr. Lockley had been elected to the board by the voters, he held his position as chairman through the courtesy of the members only.

T. Hadfield said that he was of the opinion that Mr. Lockley should continue to be chairman until it was definitely and legally proved that he had no right to public office on account of his non-payment of taxes, and although he thought that Mr. Lockley, knowing his disqualifications, should have resigned, yet he did not consider the work of the board in any way jeopardized by his presence on it. In reply to the suggestion that the School Board should pay for the expenses of a legal decision, he stated that he did not think that it was the part of the members to spend the money of the Voters' Association. If they wished to settle the matter, then it was their place to organize a deputation to investigate the circumstances and to seek a court decision.

LADIES WITHDRAW

Mrs. Isbister moved that the meeting be adjourned. But the motion was defeated. Thereupon the two ladies rose from their seats and left the room.

T. Hadfield, A. Lockley, Major J. A. Crompton and Secretary Wilson carried out the usual business of the meeting. An amendment which gave the board the right to increase or decrease the salaries of the school staff was ratified by the Education Department and S. Maynard's application for a higher salary was laid on the table for further consideration. Reports from the principal, H. L. Campbell, George Hill and the school nurse were read and accepted, after which the board discussed the advisability of making certain improvements in the building, including the replacing of broken windows and the repairing of the furnaces. Tenders were read for the mending of the heating plant and were left for further consideration by a committee.

Before the close of the meeting, Mrs. E. L. Neild obtained permission to voice the views of the ratepayers in regard to the chairman's position. She said that, as a deputation from the Voters' Association she had been to see the Deputy Attorney-General and was persuaded that Mr. Lockley was not eligible for public office and owing to his alleged disqualifications had never been able to accept the office. She stated that she had been informed that the position was vacant ipso facto through the non-payment of taxes by the person then supposedly holding the chairmanship. Moreover, she said that all business which had required Mr. Lockley's vote had been illegal.

Their followed a heated discussion in which the chairman stated that he had paid taxes for the years 1926 and 1927, a statement which Mrs. Neild contradicted. She said that any payment made had gone to retire the taxes of 1924 and 1925.

"Why are all of you so anxious to crucify a delinquent taxpayer?" asked Mr. Lockley.

"Mr. Lockley," replied Mrs. Neild, "we have no personal motives at all in the case, we merely wish to secure justice for the ratepayers," she concluded.

VICTORIA PREPARES CELEBRATION FOR DOMINION DAY

(Continued from page 1)

which he will gladly hand over to the person who first addresses him in the correct terms. Those competing in this event must at the time of approaching the mystery man have in their possession a copy of The Times, The Colonist or the Dominion Day programme. When the least suspicion is felt that "King Canuck" is within range persons attesting him must say, "You Are King Canuck," and immediately the right man is approached he will make known ihs identity. The result of this contest will be made public from the front of The Colonist office at 10 o'clock.

While his fictitious king is making his way up an down the street among the merry makers, comic musicians will add gaiety and fun to the programme by playing at different inter-sections. Bands wishing to compete in this event should get in touch with S. Thomas, of the Dominion Day celebration committee at once.

TORCH PARADE

At 9.15 o'clock Yates Street will be drakened by the extinguishing of the electric lights while fire trucks from headquarters or Cormorant Street speed through the city with members of the fire department carrying lighted torches. The run will be from Cormorant Street hall along Broad to Yates Street to Fort and return.

A musical festival at the Arena at 3 o'clock is the main attraction Sunday. Three hundred singers from the local churches will be heard at this service. Mayor J. C. Pendray will open the proceedings. Admission will be free, but a silver collection will be taken to defray the expenses.

Programmes will be issued free of charge.

MONDAY EVENTS

Monday, July 2, is the banner day of the three-day celebration with action from 10.30 a.m. until 1 a.m. on Tuesday. Ashia, crack Japanese baseball team from across the gulf waters, will make their first appearance before local fans when they meet the Sons of Canada in the first game of a double-header at the Royal Athletic Park at 10.30 o'clock. The second game of this series will be played at 6.30 o'clock.

The afternoon entertainment will commence at 1.45 o'clock, with the second annual Vancouver Island field and track championship meet at the Willows Oval. Leading local and Upisland athletes will be seen in action here in a first class programme. Apart from the sport events, dancing contests for all amateur dancers, either sex, will be held.

Two lacrosse games are scheduled at the Royal Athletic Park later in the afternoon. At 2.30 o'clock South Park School lacrosse team, champions of the Public Schools League, will meet George Jay, this year's runners-up. At 3 o'clock ex-Oaklands School aggregation, present junior champions of British Columbia, will defend their title against the Maple Leafs of Vancouver. R. P. Butchart will face-off the ball for this game.

An inter-city regatta, in which leading oarsmen from the J.B.A.A. will pit their skill against the best that Vancouver can produce, will be held at the Gorge at 3 o'clock. A first class programme of events has been arranged by the officials of the local club.

Albert Sullivan, provincial high school inspector, will be the speaker at the service to be conducted at the Parliament Buildings at 8 o'clock, and will take as his subject "Our Heritage." Previous to the address Mayor J. C. Pendray will present the appreciation medal, sponsored by the Native Sons and Daughters of British Columbia. In granting permission for the holding of this service the department pointed out that a new lawn had been put in at much expense, and requested that the public keep to the driveway in front of the steps and not walk on the grass.

FIREWORKS

A fireworks display will take place in the Inner Harbor at 9 o'clock, and will continue for about half an hour. With the falling to the water of the remnants of the last fireworks the next attraction will be the Dominion Day serpentine dance at the Crystal Garden under the auspices of the celebration committee. Two first class orchestras will render the latest dance hits, while dancing will be indulged in at both ends of the Crystal Garden from 9 p.m. to 1 a.m.

COUNSEL ASKS MAYOR STAND COURT TRIAL

(Continued from page 1)

The whole defence put forward to justify gambling, said Mr. McGeer, fell flat when the mayor admitted that only once had he had such a conversation.

Dealing with the evidence of witnesses and quoting lengthy portions of the transcript, Mr. McGeer reiterated his previous contention that the Mayor should be indicted to stand trial on a charge of having conspired with police officials and members of the underworld to operate gaming and disorderly houses.

Before starting on his prepared argument Mr. McGeer drew attention to the fact that the hearing had terminated without the evidence of certain witnesses, particularly such men as Joe Celona and his brother and the men in whose names the licences at 30½ and 244 Hastings Street were held.

Mr. McGeer had not completed his argument at the lunch adjournment.

YESTERDAY'S SESSION

At yesterday afternoon's session, Alex Henderson, K.C., counsel for Mayor Louis D. Taylor, closing his argument, said:

"There has not been one scintilla of evidence in the whole 4,000 pages of this inquiry which points to an act of corruption by the mayor."

Dealing with every allegation and suggestion against the mayor, Mr. Henderson occupied practically the whole afternoon session, and concluded with the statement that there was no evidence against the mayor, and that the commissioner, therefore, would be relieved of any necessity for exercising his mind along those lines.

THE WEST COAST ROAD

VICTORIA NATURALLY IS INTERested in matters of policy which concern other parts of the Province; but the people of this community are especially concerned in the West Coast Road and the prospects for new business which it holds out. Although this undertaking is merely a part of the programme of development which the Department of Public Works continually is carrying out as a sound investment of the taxpayers' money, it can be said without hesitation that it will pay for itself many times. Dr. Sutherland is convinced of this and that is why he sponsored it and got it under way. His determination to proceed with it at all speed will be appreciated by the people of this community.

Our citizens now obviously are seized with the importance of this road, not only for the new business which will flow to this city as the country through which it will run is opened up, but also because it will furnish many opportunities for our youth. It will be the key to territory of untold wealth, wealth as yet untouched, and the enterprise of youth will be well rewarded. It is not extravagant to predict that within a very few years the road will have been responsible for attracting many thousands of people to those areas which it will serve. Their labors, of course, will have a direct bearing upon the commercial future of our Island. New markets will be created for the products of factories already operating here, adding to their payrolls, while there will be new incentive for the establishment of other industries. This inevitable expansion obviously insures lower taxes for the taxpayers of this city. Hence this project is of outstanding importance to this community. The Government's policy in this respect should be heartily endorsed by the public.

TO-MORROW'S TAG DAY

IT IS NOT AN EASY MATTER TO frame pension regulations which will cover the case of the tuberculous veteran as effectively as it ought to be covered. The malady from which so many former members of the Canadian Expeditionary force are suffering is like few others. Periods of tolerably good health, when the victim may go about his avocation, often are followed by relapses which undo much of the good work that has been done. In those periods he must have careful attention, good food, and plenty of rest. It is not always easy to get the official wheels moving as the case may demand. That is the reason why the Tuberculous Veterans' Association finds it necessary to keep its own machinery in motion so that in the waiting period the patient will be looked after. That machinery will not run without money. The local branch proposes to ask the generous people of Victoria to give as liberally as they can to the taggers who will be on the streets to-morrow.

GOVERNOR SMITH NOMINATED

GOVERNOR ALFRED SMITH'S NOmination as the Democrat candidate in the United States presidential election was generally expected. He was chosen on the first ballot at the Houston convention yesterday, not, however, without a stiff challenge from the opposing forces. But several states, notably Ohio, changed their minds after the first count showed Mr. Smith nine votes short of the number required, the final figures for the New York aspirant giving him 849 2-3 of the 1,100 votes in the convention, 116 more than he required.

The presidential fight now will be between Mr. Smith and Mr. Hoover, one with a striking adaptability to public life and a popular figure everywhere; the other an able administrator, an organizer of marked ability, with an international reputation. The nominating conventions, moreover, were noteworthy for the unanimity which marked the choice of both Democrat and Republican nominees. It will be recalled that in 1924 the Democrats found it a very difficult matter to reach a decision, many ballots being necessary.

One of the somewhat unexpected developments at Houston was the change of front which came over some leaders of the party in respect of its attitude towards prohibition. Before the convention, and even after it had commenced its business, Governor Smith was being labelled by many of his opponents as "wringing wet." From this and from his proposal to allow each state to say whether it preferred a change in the law or not, it was assumed that the party would not specifically commit itself. But it has gone on record in favor of the strict enforcement of the Eighteenth Amendment as it stands. Nor did the convention write anything of a very definite nature into its platform with regard to farm relief. It can be assumed, however, that Governor Smith will be more specific on this point when the campaign gets under way. Meanwhile his party takes the stand that the farmers of the corn belt must be looked after better than the Republican Party has looked after them.

The outcome of a presidential campaign in the United States is of vital interest to Canada, no matter what government is in office at Ottawa. Our trade with the republic for the year ending last April amounted to more than $1,200,000,000, or more than half the value of Canada's trade with the whole world. Our principal interest lies in Washington's tariff legislation. The Republican Party is the party of high protection; the Democrats favor a low tariff. Canada stands to gain a great deal more in this respect from the election of Governor Smith than it would from the return of Mr. Hoover; but indications point to a Republican victory.

A BANK AND CANADA'S BUSINESS

IN THE JUNE ISSUE OF THE MONTHLY Review published by the Bank of Nova Scotia the condition of Canadian business this year compared with that of last is the subject of an article in which bank debits to individual accounts furnish the illustration of the country's progress. It says these "show clearly that the growth in the volume of business transacted is equitably shared as between the larger and smaller centres." In other words, prosperous conditions are general throughout the Dominion. A comparison between the figures for the three largest clearing house cities—Montreal, Toronto, Winnipeg—and the remainder, The Review notes, shows a remarkable parallelism:

BANKS DEBITS TO INDIVIDUAL ACCOUNTS
(in millions)

	April, 1927	April, 1928	Increase
Three largest Clearing Centres	$1,898.6	$2,372.5	25%
Twenty-nine other Centres	$ 741.4	$ 925.6	25%

We read further: "Comparisons of this year with last, whether based on building permits issued, bank debits to individual accounts, or volume of railway freight traffic, indicate a continued and fairly steady growth of business . . . . even when the grain movement is eliminated, recent weeks have witnessed a marked expansion of traffic both in East and West, of which an important feature is the heavy movement of ore."

This is the summing up of conditions by a conservative banking institution. It is interested in nothing else but the business of the country and its own relation to that business. It has no political fish to fry. But its views, always guardedly expressed, are in strange contrast with those to which some public men give utterance in political campaigns.

A LIBERAL VICTORY

PREMIER BALDWIN WILL FIND LITtle consolation in the result of the byelection in the Carmarthen division. The Liberal candidate, Colonel W. N. Jones, received 10,207 votes; Labor, Mr. D. Hopkins, 10,154; and the Conservative, Sir Charles Mansel, 8,361. This is really a gain for the Liberal Party, for although the riding returned Sir Alfred Mond as a Liberal, he crossed the House some time ago and joined the Conservative Party, his vote supporting Mr. Baldwin in all major political divisions.

This contest was occasioned by the elevation of Sir Alfred to the peerage. He first won the seat as a Liberal in a byelection in 1924 and again at the general election of the same year. His majority on the first occasion was more than four thousand and more than ten thousand on the second occasion, the combined anti-Conservative vote of Liberal and Labor in the first contest indicating the sentiment of the riding. In the second contest the Conservative Party did not enter a candidate, the battle being between the Liberal and a Labor candidate. There is very little hope of the Baldwin forces making any headway here.

WHAT OTHER PAPERS SAY

TAXATION OF LAND VALUES

The Economist

There is something to be said for assessing people for local taxation on the basis of the value of the house they live in, though even in regard to dwellings the system is full of anomalies, creates unreasonable differences between districts, and is not strictly in proportion to ability to pay. But as applied to industry the system is peculiarly unsuitable inasmuch as it shows no increase when the taxpayer is prosperous, or diminution when times are bad.

THE "QUOTA" FOR AUSTRALIA

The Toronto Globe

Australia, whose immigration policies and methods have been contrasted many times in recent months with those of Canada, is about to take the important step of establishing a quota system in order to keep the Commonwealth British and white. Energetically as Australia has been seeking settlers, bidding for them with State aid and with promises of employment, going even farther than our Dominion in this respect, Premier Bruce has made the announcement that restrictions would be applied to foreign immigration, limiting it to less than half the number of arrivals of last year. It is true that this comes at a time when the country is going through something of a depression, with considerable unemployment, but it is doubtful if the adoption of the new policy is due to this situation in any great measure. As a temporary means of relief British adults are not being invited to the country as warmly as last year, although the road is still clear for boys with ambition.

A THOUGHT

Be ye angry, and sin not: let not the sun go down upon your wrath.—Eph. vi, 26.

When one is in a good sound rage, it is astonishing how calm one can be.—Bulwer-Lytton.

PRE-EMPTIVE BIDS

To-day are given further illustrations in the art of pre-emptive bidding. When to pre-empt and when not to do so is shown by the explanations following each sample hand.

Spades—X; hearts—A Q J X X X X X; diamonds—X X; clubs—X X. This hand is weak in every suit except hearts. A bid of three hearts may not shut out bidding. Bid four hearts.

Spades—A K Q J X X X; hearts—X X; diamonds—none; clubs—A J X X. This hand does not contain any support for a heart bid. Bid three spades to discourage partner or opponents from bidding, as with normal support from partner game will be made.

Spades—A K Q 10 X X; hearts—X; diamonds—none; clubs—A Q X X X X. This hand is weak in hearts and diamonds. It contains strength in clubs. Bid one spade. In all probability the bid will not be bought at one spade, and you may be driven to three or four spades and then doubled by opponents. Encourage this double, as in all probability you will make four spades on this hand.

Spades—X; hearts—A K Q J X X X; diamonds—Q X X X; clubs—A. This hand contains no support for a spade bid. A bid of three hearts will not shut out bidding. Bid four hearts.

Spades—A Q X; hearts—A J X X; diamonds—A X X; clubs—A X X. This hand contains one hundred aces. It contains support for a spade or heart bid. But one no trump.

Spades—X; hearts—X X; diamonds—A K Q; clubs—A K Q J X X X. This hand is weak in spades and hearts. Shut out all bidding. Bid five clubs.

Spades—A K Q 10 X X; hearts—K Q X; diamonds—K; clubs—X X X. This hand is too strong to pre-empt. It contains support for a heart bid. Bid one spade.

Spades—K Q J 10 X X X X X; hearts—X; diamonds—X X; clubs—X. This hand does not contain two quick tricks. It is too strong, however, to pass, as it contains eight sure tricks. A bid of one spade would guarantee partner two quick tricks, and in order not to deceive partner, bid four spades, immediately shutting out all bidding. This freak hand should not, however, encourage you to vary the rule of making an opening bid on two or more quick tricks.

NOT IN IT

To the Editor:—Will you kindly permit me through your columns to inform all concerned that I am not acting as campaign manager for Mr. Frank R. Carlow, nor am I interested in his campaign at all.

W. J. KELLY.

223 Pemberton Building, Victoria, B.C., June 27, 1928.

A CLEAN CAMPAIGN

To the Editor:—Will you please allow me a few lines in paper to make a few suggestions on this campaign?

First: I think we should keep our minds free from prejudice during this fight, as prejudice darkens the mind, and prevents any new idea from dawning; and, since we are all human, and have no wings on, figuratively speaking we ought to keep our minds up on the mountain peaks, and not in the deep valleys. I want to see a clean fight.

I would say the speakers should speak in a Christian spirit. This would prevent mud-slinging. I want to vote for some big candidate, I mean big mentally, some one who is not too local and with some depth, and can spread out, with large horizon.

I am a Progressive, and since there are none out in this fight, I will have to vote for one of the other parties.

Figures do not lie, but some men lie about figures.

I want to vote for a candidate who can speak intelligently, that they may know how to deliver the goods.

I intend to hear all the speakers who come to Sooke, that on July 18 I may go to the poll and vote intelligently and conscientiously.

E. THROUP,
Secretary of Research Office.
Sooke, July 28, 1928.

JOTS FROM GEOGRAPHY

LAKE ERIE, one of the chain of Great Lakes lying between the United States and Canada, has an area of about 9,600 square miles. It receives the waters of the upper lakes by way of Detroit River and discharges its waters into Lake Ontario by way of Niagara River. The Welland Canal enables vessels to pass from Lake Erie to Lake Ontario.

RULING SOON ON CONSUL'S CASE

Montreal, June 29—The case charging defamatory libel against Captain M. V. Seferovitch, Jugoslavian consul in Montreal, has been taken away from the local criminal courts. A writ of prohibition was issued in the Superior Court here yesterday.

The merits of the action will be discussed within a few days.

In the writ, counsel for the consul contested the jurisdiction of the Canadian criminal courts, claiming diplomatic and consular immunity.

I.O.D.E. PROTESTS AGAINST PRIZES PRINTED IN U.S.

Interesting Discussion at Municipal Chapter Yesterday

Indignant protest against the action of the national executive in issuing as prizes books printed in the United States was made at the monthly meeting of the Municipal Chapter, I.O.D.E., held yesterday at the home of the regent, Mrs. J. Hebden Gillespie.

The exhibition of the books presented to local schoolgirls as prizes for the Sarah Maxwell Essay contest, conducted by the National I.O.D.E., occasioned the protest, a member drawing the attention of the meeting to the inscription in one of the volumes, "Printed in the United States." Miss A. B. Cooke, educational secretary, informed the chapter that she had on several occasions protested against the practice, as being contrary to the ideals of the order in supporting Empire industry, and on the motion of Mrs. Curtis Sampson it was unanimously decided to send a formal protest to the national executive through the Provincial Chapter.

MEMBERS ALERT

The alertness of the members to the desirability of supporting British industry also gave rise to a discussion concerning an advertising circular issued by a local firm and containing needles, on the packet of which was printed the British coat of arms and, underneath, "Made in Germany." No action was taken on the matter, but the members renewed their determination to carry on a quiet campaign of education in an endeavor to prevent such happenings.

Another member also deplored the fact that on an American woman seeking to purchase a Canadian flag recently, the store assistant was unable to tell her which was the Canadian ensign and which the Union Jack.

$100 FOR SOLARIUM

Mrs. Gillespie reporting for the Navy League of Canada, Victoria branch, stated that the league had mooted the formation of a women's auxiliary, the auxiliary to stand on its own feet when once organized, and the suggestion had been made that the I.O.D.E. form the auxiliary.

But on the motion of Mrs. E. C. Hayward the Municipal Chapter decided not to take the onus of forming such an auxiliary, although sympathy was expressed with the aims and objects of the league.

Mrs. Walter C. Nichol gave a comprehensive report of the Alexandra Rose Day, by which 539.72 was realized for child welfare work. The meeting voted a donation of $100 to the Solarium from this fund, half of $50 of which was designated towards the British Columbia I.O.D.E. cot to be endowed at the Solarium. At the close of her report, Mrs. Nichol was accorded a standing vote of thanks.

Mrs. Laundy presented an interesting report of the annual intercession service held at the Church of Our Lord, and Mrs. E. E. Wotton told of the children's service, in which connection the chapter thanked the Bishop of Columbia and the Victoria Boys' Band for their assistance.

The treasurer's report, the report of the House committee by the convener, Mrs. A. E. Hopkins, concerning the new headquarters, the report of Mrs. Colin Cameron, Dominion secretary, announcing the number of subscribers now as 124, and the report of Mrs. R. B. McMicking concerning the revival of the Margaret Rocke Robertson Chapter and the need of officers for the Royal Bride Junior Chapter, were all received with much interest.

PICTURE FOR SCHOOL

Miss A. B. Cooke, gave an interesting account of the educational work, showing much had been done in assisting sons and daughters of deceased and disabled ex-service men to higher education. A beautiful picture of "The Boyhood of Raleigh" is to be given to the South Park School as a permanent memento of the success of its scholars in winning, for five years, prizes in the Sarah Maxwell essay contest.

Mrs. W. S. Miles, for the child welfare and maternity committee, stated that one layette had been presented during the month. The soldiers' grave committee reported one grave completed this year and another repaired. Mrs. A. D. Muskett told of the activities of the Girl Guides.

MRS. GORDON SMITH'S FINE REPORT

At the conclusion of the business, Mrs. J. Gordon Smith, who represented the Provincial Chapter, I.O.D.E., at the annual meeting of the National Chapter in Toronto, gave a most interesting and comprehensive review of the deliberations. She opened her lengthy report with a vivid description of the memorial services held at Ancaster, Ont., in honor of Mrs. Clementina Fessenden, the founder of the order, at which all the delegates were present.

Mrs. Smith described in detail the various reports presented at the gathering and referred with pride to the preeminence of the British Columbia Chapters in educational work, notably in the giving of pictures to the schools. She lucidly explained the question of the legality of the amendment to the War Memorial Fund, raised by Mrs. A. E. Gooderham, and told of the discussion waged at the meeting on the matter.

Mrs. Graham Thompson had moved, and Mrs. A. U. de Pencier had seconded the vote of confidence in the national executive, which carried the national gathering with only three dissenting voices.

At the close of her most interesting report, Mrs. Gordon Smith was given a hearty vote of thanks and presented with a charming basket of white sweet peas by a member of the Margaret Rocke Robertson Chapter with which she was long associated.

Two interesting visitors at the meeting, introduced by Mrs. Curtis Sampson, were Miss Earle and Miss Grant, who arrived from New Zealand recently, and who both are members of the Victoria League, an association akin to the I.O.D.E. in its aims. Mrs. Gillespie served a delicious tea at the close of the afternoon.

Mr. and Mrs. Percy W. Smith, 1994 Leighton Road, entertained a few of their friends on the occasion of their silver wedding, on Wednesday, June 27, and also the twenty-first birthday of their elder daughter, Jean. They received many congratulations on the double event during the day.

* * *

A quiet christening ceremony took place this afternoon at Christ Church Cathedral when the infant daughter of Mr. and Mrs. Frank M. Sterry of 686 St. Patrick Street received the names of Ann Louise. The Bishop of Columbia officiated. The godfather was Senator Barnard, and Miss Ethel Rhodes and Miss Agnes Nona Sterry of Barnstaple, England, both aunts of the baby, were godmothers. After the ceremony, the christening party and a few intimate friends gathered at the home of Mr. and Mrs. Sterry in celebration of the occasion.

A very pretty wedding took place last evening at "Breadalbane," the minister's residence, 2347 Windsor Road, where friends of the principals assembled to witness a ceremony by the Rev. John Campbell, M.A., Ph.D., D.D., which united in marriage Miss Annie Laura Aitkin of Mayne Island and Mr. John De Rousie of Victoria. The bride, who was very pretty in a blue georgette gown and picture hat, carried a bouquet of white roses. She was attended as bridesmaid by Miss Dorothy Olsen, who wore a frock of crepe de Chine and carried a bouquet of pink roses. On the return from a honeymoon on the mainland, Mr. and Mrs. De Rousie will make their home in this city.

A successful garden party was held at the home of Mrs. Bissenden, Doncaster Drive, on Wednesday afternoon by the Primrose Lodge No. 32 Daughters of England. It was declared open at 2.30 o'clock by Mrs. Harrison, the D.D.G.P. A large number of members and friends were present. The stalls were in charge of the following: Home cooking, Mrs. Maysmith; candy, Mrs. Sedgeman; spinning wheel, Mrs. McKenzie; ice cream, Mrs. Oliver. Afternoon teas were served by Mesdames Archer, Tippett, Cave and Carter. The following were the lucky winners: Cake, Mrs. Bissenden; cut glass bowl, Mrs. Cobbett; towels, holder of ticket No. 2; roast chicken, Mrs. Browning; basket of candy, Mrs. Gough; tombolas, Mrs. Newbold and Mrs. R. Hill. The funds of the lodge will be largely increased as the result of a very successful afternoon.

* * *

A very delightful evening was spent at the home of Mr. and Mrs. Percy Wells on Thursday, the event being a silver shower in honor of their son, Mr. Edgar Wells, and Miss Gertie Birss, whose marriage is to take place in the near future. The self-invited guests were members of the Church of Christ, of which Mr. Wells is a popular member. The reception rooms were tastefully decorated with baskets of pink and mauve Canterbury bells, white carnations and pink and mauve sweet peas, while in the dining-room and throughout the home pink and mauve sweet peas were used. The guests of honor were seated beneath an arch of white with touches of pink and mauve, when two little girls, Muriel Ross and Amelia Levy, in quaint Dutch costumes, suddenly appeared and did a charming Dutch folk dance to the delight of all the guests. This was immediately followed by the entrance of two little boys, Frankie Wells and Bobby Macmurchie, also in Dutch costumes, trailing behind them a wagon decorated with pink and mauve crepe paper, harmonizing beautifully with the floral decorations of the room and laden with a complete set of Rogers flat silver, which they presented to the young couple. Cheers greeted the presentation and Mr. Edgar Wells responded with a few well chosen words. After the presentation a buffet supper was served. Those present, besides Mr. and Mrs. Percy Wells, Mr. Edgar Wells and Miss Gertie Birss, were: Mr. and Mrs. Jaffray, Mr. and Mrs. Percy Bailey, Mrs. Anderson and Miss Agnes Anderson, Mr. and Mrs. Will Wells, Mr. and Mrs. J. D. C. Macmurchie, Mrs. Snure, Mrs. Mellor, the Misses Vera Bailey, Bona and Lois Macmurchie, Joan and Olive Dawson, Fairy Mellor, Muriel Ross, Amelia Levy and Messrs. Will and Clarence Jaffray, Harvey Bailey, Willard Hills, Don Macmurchie, Bobby Macmurchie and Frankie Wells.

JUBILEE W.A. REVIEWS YEAR'S SPLENDID WORK

Hundreds of Necessities Supplied to Hospital By Band of Workers

A fine record of achievement during the last year was reported at the annual meeting of the Women's Auxiliary to the Jubilee Hospital, held at the blue room on Wednesday afternoon. Mrs. Chas. W. Rhodes who presided, was re-elected by acclamation to the presidency, other officers chosen being: First vice-president, Mrs. Herman Robertson; second vice-president, Miss Lettice; third vice-president, Mrs. Cecil French; fourth vice-president, Mrs. Angus McKeown; treasurer, Mrs. J. J. Collison; secretary, Mrs. J. Phethean.

MUCH WORK DONE

The auxiliary during the past year, according to the annual report of the retiring secretary, Mrs. Herbert Pendray, supplied the following necessities of the hospital: eighty-two tablecloths, valued $385.50; curtains to the value of $73.31; seven dozen towels, eight dozen baby sheets, ten dozen diapers, 150 dozen baby pillow cases, four dozen spreads, three dozen baby vests, linen for sheets and pillow cases, ten dozen vases, three electric fans.

In addition the auxiliary has redecorated four of the rooms maintained by it; supplied Christmas cheer to the nurses and staff, also presented bouquets to each of the thirty-seven graduates in the recent graduating class, and provided supper for them.

The sewing meetings of the W.A. from October, 1927, to June, 1928, had made the following articles: 119 shirts, fourteen children's gowns, fifty-six hot water bottle covers, sixty-two scultetus binders, forty-one baby gowns, sixty-six wash cloths, sixty-one covers, twenty-four T. binders, one pneumonia jacket, nineteen binders, 300 button holes on curtain ties.

PRESIDENT'S ADDRESS

Mrs. Rhodes in her annual address reviewed the work of the year with gratification. The linen shower, held at Thanksgiving, had brought in a splendid supply of linen as well as $50.65 in cash.

The junior branch, although only three years old is doing splendid work and relieves us greatly of one of the big undertakings at Christmas, the busiest time of the year, by decorating the trees and wards at the hospital. When first organized we financed them in this undertaking but now they earn all monies expended upon this work and the cheerfulness and brightness brought into the hospital by these cheery young people adds greatly to the occasion. Their stork case on the maternity floor is kept full by the constant knitting of young fingers, Mrs. Rhodes noted.

The president also made references to the campaign contemplated by the board of directors for the erection of a new nurses' home and expressed confidence that each member of the auxiliary would do their share in helping the project forward.

COLLECTION OF DUES

Mrs. Hermann Robertson, convener of the collection committee, reported that collections of membership dues had been better this year. In 1926, $613.75 was collected; in 1927, $635.10, and this year, $641.35.

"There are 258 paid up members out of 491 members on our books. You will see I have a lot of work to do to get in those remaining dues. The auxiliary is growing but not as rapidly as I should like to see it. We should have at least 1,000 members in a place of this size."

Thanks were tendered to David Spencer Limited for their kindness in allowing space in their store for the annual collection campaign.

The board of directors was represented at the meeting by L. U. Conyers and Alderman J. Worthington, both of whom spoke in praise of the excellent work accomplished by the auxiliary.

Prior to the annual meeting, the monthly business meeting was held when bills to the amount of $149.65 were ordered paid. Tea was served at the close of the afternoon by Miss Mitchell, nursing superintendent, and a social hour was much enjoyed.

ASK SUGGESTIONS FOR TEST PIECES

Victoria Musical Festival Committee Planning For 1929 Syllabus

Preparations are already under way for the syllabus of next year's Victoria Musical Festival and the committee in charge are asking all those interested, particularly music teachers, to send in suggestions for the test pieces for vocal, violin and piano, in the following classes: Under ten years; under thirteen years; under sixteen years; under nineteen years, and in the open class.

These suggestions should be sent in not later than Thursday next to Mrs. W. A. Jameson, 1001 Foul Bay Road, or to Miss Brumpton, 1002 Vancouver Street. The preparation of the syllabus entails many months of hard work, and those having suggestions as to suitable test pieces are asked to co-operate by sending in their suggestions at once.

LAST NIGHT'S PRETTY BRIDE

—Photo by Savannah.

MRS. HARRY DRUMMOND DEE

formerly Miss Alexa Martin, whose marriage took place at the First United Church last night.

POPULAR GIRL IS TEACHER'S BRIDE

Miss Alexa Martin and Mr. Harry D. Dee Wed Last Night

Unusually beautiful floral arrangements marked the wedding held last evening at 8.30 at the First United Church when the Rev. Dr. Wilson united in marriage Alexandra (Alexa), only daughter of Mr. E. J. Martin, manager of the Strathcona Hotel, and the late Mrs. Martin, and Mr. Harry Drummond Dee, B.A., youngest son of Mr. and Mrs. W. Dee, Balmoral Road.

Under the supervision of Mrs. H. K. Prior and girl friends of the bride, the church was beautifully decorated for the occasion with a profusion of Summer flowers. There were two arches, one in front of the organ and the other below the pulpit under which the bridal party stood during the ceremony. White syringa with touches of pink Canterbury bells was used in forming the floral arches, while from each was suspended a wedding bell of white carnations and maidenhair fern. Foxgloves, blue and pink Canterbury bells, madonna lilies and clematis were massed in front of the pulpit and the sides.

Given in marriage by her father, the bride was lovely in her wedding gown of white charmeuse, fashioned with short sleeves and a two-tiered flounced skirt, formed of four petals edged with Chantilly lace, a yoke of the same lace edged with pearls and a cabochon of lace and orange blossoms were arranged in front of the gown at the waistline, from which hung ribbon streamers to the hem of the skirt. Her wedding veil was of hand-embroidered silk net edged with old Honiton lace, and was attached to the coiffeure in cap fashion, and held in place with a wreath of orange blossoms at the back, and clusters of the blossoms over each ear. A shower bouquet of Columbia roses and deep cream sweet peas completed the bridal attire.

Her only attendant was Miss Dorothy Hicks, who wore a frock of mauve and gold shot taffeta silk, with three-tiered skirt edged with mauve tulle, dropping slightly at the back, and tight-fitting bodice with streamers of the mauve tulle falling from the shoulders. Her hat was a peach mohair edged and faced with mauve, and her bouquet was a sheaf of Midsummer Michaelmas daisies.

The groom was supported by Mr. Kaye Lamb of Vancouver, and the ushers were the bride's brother, Mr. Warren Martin and Mr. Bert Bailey. Mr. Jack Smith presided at the organ, and during the signing of the register, Mrs. Elmsley Yeo of Vancouver sang, "My Prayer."

Following the ceremony at the church a reception was held at the Victoria Club, where the happy couple were assisted in receiving the guests by Mrs. Dee and Mrs. Gideon Hicks, and the bride's father. Quantities of flowers were used to adorn the reception rooms at the club, and a three-piece orchestra played during the evening.

Mr. and Mrs. Dee will spend the Summer months on the Island, and will return to Victoria in the Fall. The groom is one the masters at the Victoria High School.

The bride's going-away dress was a French frock of ashes of roses georgette, with which was worn a cloak of broadcloth to match, trimmed collar and cuffs of moleskin and a leghorn hat trimmed witth velvet bow in the rose shade.

Among the out-of-town guests at the wedding were Mr. and Mrs. Elmsley Yeo of Vancouver and Mr. St. John Madeley of Vancouver.

FOLK DANCES AND SONGS AT FAIR

Delightful Programme at "Molton Combe" To-morrow For I.O.D.E. Funds

Some delightful Old Country dances and folk songs will be included on the programme to be given at the Old English Village Fair, which is to be held at "Molton Combe," the home of Mrs. Curtis Sampson to-morrow. The fair has been arranged by the Gonzales Chapter, I.O.D.E., and will be formally opened by Mrs. J. Hebden Gillespie at 2 o'clock.

The programme in detail follows: 1, English country dances (arranged and collected by Cecil Sharp)—(a) "Helston Ferry Processional," (b) "Newcastle," (c "Picking Up Sticks." Dancers, the Misses Rosalind Harvey, Myrtle Gale, Lois Gale, Marjorie Stirling, Mary Campbell, Betty Phillips, Doris Taylor, Aline Stewart-Williams, Miss Baker and Miss Strain.

2. English folk song (collected and arranged by S. Baring-Gould and Cecil Sharp)—"O No, John,† Mrs. B. H. Tyrwhitt Drake.

3. Sailors' hornpipe—Boys of the Sea Cadet Corps.

4. English country dances — (a) "Merry, Merry Milkmaids," (b) "Jenny Pluck Beans," (c) "Old Mole."

5. Sea chanteys—Boys of the Sea Cadet Corps.

6. Harlequin dance — The Misses Gwen and Jean Thomas.

7. English folk song—"Mowing the Barley," Mrs. B. H. Tyrwhitt Drake.

8. Minuet by the Misses Adele Plant, Winnifred Moorhouse, Betty Gennaret and Master M. Tyrwhitt Drake.

Miss Gertrude Page will be at the piano for the country dances. Miss Alexander will play for the children's dances and Mr. Alcock for the Sea Cadet Corps. The Victoria Boys' Orchestra will contribute musical numbers during the afternoon.

In addition to the programme many attractions have been arranged for the entertainment of young and old, and as the gardens are beautifully sheltered the occasion should prove a delightful way of spending a Summer afternoon.

OBSERVATORY APPOINTMENTS

J. H. Pearce, M.A., to Give Course of Lectures at Toronto

J. A. Pearce, M.A., of the Dominion Astrophysical Observatory staff, left Sunday for Toronto to give a course of lectures on Astronomy at the Summer School conducted by the University of Toronto. Mr. Pearce is a graduate of that University and after service overseas took post-graduate work at the Lick Observatory in connection with the University of California. The Summer course lasts six weeks, at the expiration of which Mr. Pearce will return.

R. M. Petrie of this city, who graduated with high honors this year from the University of British Columbia, has joined the staff for the vacation months. In September he leaves to take up post-graduate studies at Ann Arbor, Michigan, having been selected for one of the Fellowships tenable at that University.

P. M. Millman, a final year student of the University of Toronto, recently joined the staff for the Summer months and is engaged in observing and measuring stellar spectra. He will return to Toronto to pursue his studies at the end of September.

The marriage was quietly solemnized at the Church of Our Lord on Wednesday night of Viola Winifred, youngest daughter of Mr. and Mrs. J. P. Stewart, 551 Niagara Street, and Mr. Albert Edward McIntosh of Seattle, son of Mr. and Mrs. John McL. McIntosh of Epworth Street, Victoria. The church had been decorated for the occasion with delphiniums and spirea, and during the service the bride and groom stood beneath an arch of roses and syringa. Rev. A. de B. Owen officiated. The bride was pretty in a frock of ivory georgett embroidered in crystal and diamante, and wore an embroidered net veil and orange blossoms. She carried a shower bouquet of Ophelia roses, white carnations and swansonia. Miss Gladys McIntosh, sister of the groom, was bridesmaid in a frock of moon jade georgette. She wore a gold leaf bandeau in her hair and carried a bouquet of mauve and pink sweet peas. The groom was supported by Mr. Godwin Brandon. After the service, a small reception was held at the home of the bride's parents, when only relatives and a few intimate friends were present. Among the many handsome presents was a tea tray and canteen of silver from the Marinello Beauty Parlors, of which the bride was a member last year. Mr. and Mrs. McIntosh left for a honeymoon in Vancouver.

THE BIG BAD SCISSORS THAT BITES LITTLE BOYS

Mother is a tremendously conscientious soul. Not for a minute is Bobby out of her mind and she is always seeking ways to protect him from some of the dire calamities she is so sure will befall him. She is deathly afraid that some day Bobby will get hold of her bright, shining scissors and her heart quails at the idea, she knew a little boy once who put out an eye with a sharp scissors.

So to protect Bobby and make him so afraid of the scissors that he won't go near it, she makes a point of telling him all about the scissors, how dangerous it is to small boys and how it bites. Bobby gazes, full of awe. "Why?" he asks, looking up into her face. And mother clicks the scissors viciously and snaps them and tries to impress Bobby with the fact that it is a pretty bad old scissors.

A week later Bobby goes to the barber shop. This has always been a treat. The man has all sorts of funny toys for children to play with and Bobby likes being set up in the high chair and watching his hair fall around his face in a cloud as the man ships and snips.

But not to-day. As he hears the premonitory click and sees the awful scissors approaching him he lets out a blood-curdling yell. "Mama, mama," he shrieks, "I don't want to, I don't want to!"

"Darling, you have to have your hair cut, you know how the man always does it, and then mama gets you a little bag of candy afterwards and Bobby looks so nice . . . ."

It's all no use. Bobby dances up and down. He refuses to stay quiet, he shrieks and sobs. Everyone takes a hand at trying to comfort him and curious heads are turned in mother's direction until she is frantic with embarrassment. Mothers whose children are quietly being shorn look at her as if she had brought in a monster Finally she takes Bobby out of the chair, sobbing and wet with perspiration—the perspiration of sheer terror. "Want to go home, want to go home."

"I'll have to try it another day," says mother. "I can't imagine what is the matter with him. You know he has never acted this way before."

When Bobby has quieted down some, and is home, mother tries to find out the cause of his terror.

"What were you afraid of, Bobby . . . tell mother?"

"Bobby didn't want scissors to bite," said Bobby. "Bad old scissors!"

And there are mothers who never go to the trouble to find out the why of childish fears like the above. These mothers who scoff if you suggest such tantrums were inspired by their own methods of discipline.

Typographical W.A.—Members of the Women's Auxiliary to the local I.T.U. with their families and friends have been invited to the Summer home of its president, Mrs. A. C. Chislett, at Cordova Bay for a basket picnic on Monday afternoon, July 2. Information may be obtained from Mrs. A. E. Relf, telephone 2942L. The first strawberry social of the auxiliary, held at the home of Mrs. F. H. Neelands, Gorge Road, on Wednesday afternoon, was an interesting affair. Mrs. A. E. Relf created amusement with teacup quotations, while Mrs. W. Errett donated home-made candy, which met a ready sale under the direction of Eileen Chislett. A guessing contest was won by Alice Skellern after a tie with Mrs. J. E. Macdonald. Mrs. Maclean was entitled to the prize for the bean contest. Mrs. A. E. Johnson, as convener, received able support from members of the auxiliary.

Perfect *Raspberry* Jam or Jelly every time the Certo way

"WHAT lovely Raspberry Jam, and how delicious it tastes", is what your guests will think—and say—when you serve raspberry jam made with Certo. But their appreciation will not be any greater than yours, for the time and hard work you save over a hot stove means a great deal to you.

The Certo way never fails because it supplies just the required proportion of jellying substance to make jams or jellies set properly. Only one or two minutes' boiling is required. This saves the color and flavor of your fruit. With no juice boiling away, 50 per cent. more jam or jelly is obtained. Certo-made jams and jellies cost less and keep perfectly.

Tainted Feet

Teeming with terror of Dread Disease

IT is impossible to exaggerate the danger from flies. Soft, spongy, hairy, reeking with unspeakable filth, the fly's foot poisons and defiles everything it touches. Germs of sickness and dread disease thrive in the putrescent ooze.

Government scientists have actual proof that flies transmit thirty different diseases. (See U. S. D. A. Farmers Bulletin No. 1408.) Flies cause untold thousands of sicknesses. A national health magazine reports that each year in the United States flies cause forty thousand deaths.

So you must kill the flies. For yourself, your family and the safety and comfort of the community in which you live.

And for this health authorities advocate the use of Fly-Tox. *FLY-TOX is a scientific insecticide. It was developed at Mellon Institute of Industrial Research by Rex Fellowship.* They know Fly-Tox is stainless, harmless to humans. But its cleanly fragrant spray is SURE DEATH to flies, mosquitoes and similar insects.

Splendid Sports Programme For Holiday

Outside Athletes to Feature Many Events

Football, Baseball, Softball, Lacrosse, Track and Field Meet, Marathon Race and Regatta Being Offered for Sporting Fans; Five-a-side Football Competition at Royal Athletic Park To-morrow Afternoon to Start Programme

Sport fans will be well looked after during the coming week-end, as a splendid programme has been arranged and the tastes of every sportsman will be catered to. A real holiday spirit has seized hold of the sporting section of the city and Island, and unusual activity has been witnessed in an effort to give Victoria a three-day carnival that will satisfy all.

Athletes from many outside towns will be in the city to compete with the local stars. A Japanese baseball team and a lacrosse team will come from Vancouver, while a large number of track and field athletes will be in the city from Up-island points. The competitions between these visiting athletes and Victoria's best should produce lots of entertainment.

Football

Five-a-side football will be introduced to local fans to-morrow for the first time in years when ten local teams compete in the Dominion Day series at the Royal Athletic Park, commencing at 2.30 o'clock. Eight senior and two junior teams have entered the event. Individual cups will go to the members of the winning teams. The cups are in display at Peden Bros., Douglas Street.

A great deal of interest is being taken in the contests which will bring together some of the best players from the Saturday League.

The draw, which was made last night, is as follows:

(1) Thistles "A" vs. Esquimalt, (2) Five C's vs. Thistles "B", (3) Wests vs. Victoria City "B," (4) Thistles "C" vs. Victoria City "A."

Semi-finals—Winners of (1) plays (3), winners of (2) plays (4).

Two halves of seven and a half minutes will be played.

Junior draw—Five C's vs. Royal Oak (final).

Two ten-minutes halves.

In order to give the fans and players some idea as to how these games will be played the committee has announced the following rules: Each team will consist of five players. From five to seven and one-half minutes will be played. This, however, depends on the number of entries. Corners will count in the event of a tie. No offside rule will be in force. Goalkeepers may handle the ball anywhere in their own half of the field, but must not carry it more than two steps. All other points will be governed by the rules of association football.

Ladies' Softball

On Saturday evening the Rainbows and Axioms, ladies' softball teams, will meet in a sudden-death game to decide the championship of Victoria. Neither of these teams have been beaten and a hard-fought game is looked for. The game will be played at the Royal Athletic Park starting at 6.30 o'clock.

This is the first year the ladies' league has been operating but it has been a decided success. The teams are playing snappy ball and a number of good games have been witnessed.

Baseball

Monday's programme will be ushered in with a baseball game at the Royal Athletic Park commencing at 10.30 o'clock between the Sons of Canada, leaders of the Victoria Senior Amateur League, and the Asahis, crack Japanese team of Vancouver.

These teams will meet in two games, the second being scheduled to start at 6.30 o'clock.

The Sons will field a strong team and should be able to provide the Nipponese with plenty of opposition. The Japanese team, which occupies second berth in the Vancouver Senior Amateur League, have been playing great baseball this season. They are fast and clever and should draw well here. This is the first time the Asahis have ever performed in Victoria.

Track and Field Meets

Athletes from Victoria and other Island points will compete at the Willows track in the annual Vancouver Island track and field championships to be staged under the auspices of the Victoria Local Board of the A. A. U. of Canada. The first event will get under way at 1.45 o'clock.

Victoria's strongest team will most likely come from the Y.M.C.A. who have been coaching along a likely group of runners and jumpers. Entries for the events closed last night.

Leslie Good of Nanaimo has entered for the junior all-round championship. Ray Kersey, crack junior athlete of Keatings will be Victoria's main hope in this division.

The Aldous twins of James Island, members of the "Y" team have entered in the half-mile and mile events.

An entry form has been received from Smythe of Duncan who will compete in the senior weight events.

Gold and silver medals will be awarded in the senior events, while in the junior competitions silver and bronze medals will be given as prizes.

The programme is as follows:

CHAMPIONSHIP EVENTS

100-yard dash, junior.
100-yard dash, senior.
100 yards, ladies, open, over fifteen years.
Sixteen-pound shotput, senior.
Running broad jump, junior.
High jump, ladies, open, over fifteen years.

Girls—Twelve and fifteen years.
Boys—Twelve to fifteen years.

HIGHLAND DANCING

Field entries accepted.
Highland dance, open.
Shean Threubhas, open.
Sailors' Hornpipe, open.
Irish Jig, open.

Marathon Race

Four entries have been received for the marathon race to be staged at Beacon Hill Park Monday afternoon starting at 2 o'clock. The race will be over the full marathon course, 26 miles and 385 yards.

The entries to date are as follows: Jeffreys, Heming, McGeorge and Finnemore.

The runners will start at Beacon Hill and finish at the Willows track, where the Vancouver Island track and field championships will be in progress.

Jeffreys, who has been training hard for the event, recently ran eighteen miles with an average of about six minutes a mile.

Lacrosse Games

Lacrosse fans will be well looked after with two games scheduled at the Royal Athletic Park.

Commencing at 2.30 o'clock the South Park and George Jay School teams will meet in an exhibition. The former are school champions of the city, while George Jay were runners-up.

This game will be followed by a battle between the ex-Oaklands School team and the Maple Leafs of Vancouver for the junior championship of British Columbia. Oaklands have a classy team while the mainland squad is rumored as being one of the best ever produced in that city. A cracking good game is looked for.

Regatta at Gorge

With a number of crews coming from the Vancouver Rowing Club, the regatta at the Gorge under the auspices of the B.C.A.A.A. promises to be most interesting. The first race will get started at 3 o'clock.

Vancouver is sending over a lightweight four, a senior four, a double and a single.

All rowing events will start at the C.N.R. bridge and finish off the J.B. A.A. bathing house. Canoeing events will start off Curtis Point finishing off the bathing house.

The programme of events is as follows:

Club fours, J.B.A.A.; novice single sculls, J.B.A.A.; boys' single paddle canoe; single sculls, Vancouver Rowing Club versus J.B.A.A.; boys under sixteen, double paddle canoe race; double sculls, Vancouver Rowing Club versus J.B.A.A.; single paddle canoe race; lightweight fours (140 pounds), Vancouver Rowing Club versus J.B. A.A.; boys' long-distance swim, Curtis Point to finish line; mixed tandem canoe; senior fours, Vancouver Rowing Club versus J.B.A.A.; double paddle canoe race; double sculls, J.B.A.A.; four paddle canoe race; diving from springboard, J.B.A.A.; hurry-scurry canoe race; crab canoe race; gunwale canoe race; upset canoe race; canoe tilting; exhibition of surf riding behind speed launch Bluebird.

SECOND OF "SEEDED" BEATEN

Veteran Gerald Patterson Eliminated at Wimbledon To-day By Frenchman

Penelope Anderson, American Ace, Also Beaten; Hennessy in Quarter Finals

Wimbledon, Eng., June 29.—Henri Cochet of France, defending champion, advanced easily in the Wimbledon tennis tournament singles to-day by trouncing the Argentine ace, Ronald Boyd, 6-4, 6-1, 6-3.

Miss Eileen Bennett, English star, won from her countrywoman, Mrs. J. L. Colgate, 6-3, 6-2.

Miss Penelope Anderson, the seventh ranking American woman player, met defeat in a three-set match with Miss N. Trentham of England. The scores were 3-6, 6-4, 6-4.

Miss Anderson fell before Miss Namie Trentham, sturdy young London player, after getting away to an excellent start. The American had her base line game in splendid working order at first but her control lasped, under Miss Trentham's forceful driving.

UPSET AMERICAN

An adverse decision by the umpire in the third and final set with the games 2-2 seemed to upset Miss Anderson.

Cochet turned the full battery of his stroking power and sharp volleying up on Boyd to win in short order. The Frenchman was in no mood for experimenting, as he was yesterday, and kept Boyd constantly on the defensive.

Miss Eileen Bennett, attractive English star, and outstanding rival of Helen Wills, the American hero of the women's championship, won without difficulty from her countrywoman, Mrs. J. L. Colgate, 6-3, 6-2.

VETERAN IS BEATEN

The veteran Australian, Gerald Patterson, holder of the singles championship ten years ago, was eliminated by one of the French musketeers, Brugnon, by 6-3, 5-7, 6-4, 6-2.

Patterson was the second of the Seeded eight to be put out, Frank Hunter, American, being the other.

The Hungarian doubles team of Kozeluh and Baron von Kehrling, defeated the Indian pair, S. A. A. and A. H. Fyzee, 6-4, 8-6, 6-2.

Miss Elizabeth Ryan, veteran Californian, gained an easy victory over the Australian woman champion, Miss E. Boyd, 6-0, 6-2.

Senorita de Alvarez of Spain, last year's rungr-up, had a lively tussle before she eliminated the English star, Evelyn Colyer, 6-4, 6-4.

Miss L. Bickerton, conqueror of Mrs. Mallory in an earlier round, advanced by defeating Miss E. F. Rose, 6-3, 6-1.

The English doubles team, Miss Sterry and Joan Fry vanquished the Hungarians Marriott and Slaney, 6-2, 6-4.

John Hennessy, American Davis Cup star, reached the quarter finals by vanquishing the German, F. Frenz, 6-4, 6-1, 6-3.

Cricket Teams To Play in Two Games To-morrow

Two games will be played to-morrow afternoon in the Victoria and District Cricket League.

University Incogs, leaders of the league, will meet the Five C's at the University grounds, while the Albions will journey to Cowichan to take on the Up-islanders. Victoria draws the bye this week.

Makes Canadian Olympic Team

BILL "TORCHY" PEDEN

Victoria's crack bicycle rider, who was last night picked as a member of the Canadian Olympic Bicycle team. Peden, who has been making such a splendid showing at the trials in Toronto, is a native son and one of the best athletes ever produced in this city. The following letter was received this morning by Mayor J. Carl Pendray from Robert Falconer of Toronto, president of the Canadian Wheelman's Association: "I am glad to advise you that at a special meeting of the Canadian Wheelman's Association, on the Olympic committee, last night Bill "Torchy" Peden of Victoria, was selected as a member of the Canadian Olympic bicycle team to represent Canada."

OLD-TIMERS UPSET DOPE

Hand League Leading Sons of Canada 11-4 Defeat in Senior League Ball Game

Old-Timers completely upset the dope in the Senior Amateur League baseball game last night at the Royal Athletic, by sending the league-leading Sons of Canada down to a 11-4 defeat. Two home runs by Givens and Gravlin, of the veterans, featured the game.

The Old-timers won the game on their hitting, while their fielding was also fairly good. The veterans were strengthened by the addition of Walter Gravlin, who got three hits out of five times at bat, including a home run.

Old-timers jumped into the lead in the second inning, when with the bases filled, Jimmy Given hoisted one over the fence. The vets continued their batting spree in the third, when three more runners crossed the plate.

The Sons broke into the scoring column in the third, Bacon and Colin Campbell crossing the plate on an error by Bob Whyte and a single by Bill Holman. In the fourth the vets sneaked another runner home. The Sons scored one more run in their half of the inning.

ANOTHER HOMER

In the fifth the Old-timers checked in with three more runs. With two men on the bases Walt Gravlin poled out a home run.

The Sons scored their last run in the sixth inning. Jack Bacon singled, stole second and third, and scored on Holman's two-bagger to right field.

Young Bill Holness started on the mound for the Sons, but was yanked in the third in favor of Johnny Kerr. The latter fared little better, and was inclined to be wild. McDonald went the whole route for the Old-timers and pitched a good grand of ball.

HORSE RACING

Arlington Heights, Chicago, June 29.—Despite inclement weather and sloggish footing at the Arlington Oval, the first four events were keenly contested. Poison had to be ridden out to stall off the well-liked Sweet Money in the first. Favorites captured the next three races and slipped up on the fifth—paralleling in toto Wednesday's happenings. Paula Shay, of the Sunshot Stock Farm out West, in with a moderate lot, got off slowly, didn't show much until the curve was made, when Bobby Jones hustled her into contention and by rare courage, managed to maintain a neck advantage at the post. Paula's straight price—$8.80—was very liberal.

George Woolf proved himself the most expert gondolier of the session, paddling home three winners.

Results follow:

First race, one mile—1, Poison, $29.80, $12.20, $4.80; 2, Metromone, $6.10, $3.60; 3, Sweet Money, $3. Time, 1.50 3-5.

Second race, six furlongs—1, Sanction, $4.20, $3.20, $2.70; 2, Haiside, $3.90, $3; 3, Little Guinea, $3.90. Time, 1.20 4-5.

TRIO OF UPSETS FEATURE

Howard Langlie and Gordon Shields Beaten in Semi-finals of P.N.W. Tennis

Ryall, Vancouver City Champion, Beaten By Seattle Boy in Clay Court Play

Vancouver, June 29.—A trio of upsets smashed in upon the quiet progress of the Pacific Northwest sectional singles and the B.C. clay court tennis championships yesterday. In the semi-finals of the sectional, the men considered as certain finalists, Howard Langlie of Seattle, and Gordon Shields, Vancouver, went down to defeat so unexpectedly as to leave their supporters stunned.

Langlie was beaten by George Sparling, Vancouver, in three straight sets, 6-4, 6-2, 6-3, while Shields was outsteadied by the seventeen-year-old Jack Rhine of Portland, who won in five sets, 6-4, 6-2, 0-6, 4-6, 7-5.

Rhine was down 2-5 in the final set.

Then to climax a day which contained two such surprises, "Ossie" Ryall, Vancouver, city champion, lost to Henry Prusoff, Seattle junior champion, 6-1, 5-7, 1-6 in the clay court event.

This afternoon Sparling and Rhine will meet in the final for the Northwest championship.

NO DIFFICULTY

By comparison there was little other excitement yesterday. Bradshaw Harrison, Sherman Lockwood and Stanley Almquist, Tacoma stars, all advanced without difficulty, Harrison disposing of Bill Dowell with the loss of but four games.

In the doubles the visitors had a slightly harder time of it, Jack Brawn and Leslie Porter taking Sid Smith and Almquist to fourteen games in the second set, while Harry Seed and "Chuck" Rollins did likewise with Lockwood and Harrison.

Mrs. A. B. Grigor, defending ladies' singles champion, won two matches with the loss of but five games, beating Mrs. Fawcus and Miss D. O'Shea. Muriel Munroe of Vancouver advanced through two rounds with the greatest difficulty. She barely beat Miss Greig of Point Grey, 4-6, 6-1, 9-7, and afterwards had an equally narrow victory over Irene O'Shea, 5-7, 6-2, 8-6.

The results follow:

Connie Mack Sees Dreams Shattered

League-leading Yankees Batter Two Pitchers to Score 10-4 Victory Over Athletics Yesterday; Babe Ruth Was Big Factor, Poling Out Two More Home Runs; St. Louis Cling to Lead by Downing Pittsburgh 4-3; Giants Make It Five Straight Over Phillies by 2-1 Win

A dozen games ahead of the pursuing fleet, the Yankee destroyer steams along confidently and silently towards another American League pennant. Every rival club in the circuit bears the scars of battle with the batting champions, but none has been more sadly battered than Connie Mack's Philadelphia Athletics.

With other opponents, however, the Athletics have fared not so badly, but pitted against the champions it has been another story. It is a tale bitter to the ears of Connie Mack, who sees his pet dream of leading another pennant winner before he retires, apparently doomed to fall short of realization, at least for another year.

For the fifteenth time this year the two clubs clashed at Shibe Park yesterday, and for the eleventh time the ultimate victory rested with the Yankees, and as usual Babe Ruth was the particularly sore spot. The Babe took occasion to smack out his twenty-ninth and thirtieth homers of the season, as well as singles.

Rube Walberg was the victim of a vicious eight-hit barrage that netted the champions five runs in the first two innings. George Earnshaw relieved him, struck out ten men, but was touched for seven hits that enabled the Yankees to make their final score, 10-4.

RUTH FAR AHEAD

Ruth's two homers put him twenty games, fourteen days and six homers ahead of his record-breaking pace of 1927. Sam Gray's effective pitching was the high spot of the St. Louis Browns' 5 to 3 victory over Detroit. The Tigers tried to win by force of numbers, using seventeen players. The Browns now stand only two games back of the second place Athletics.

After losing two to the Boston Red Sox on Wednesday, Washington did a little better yesterday, breaking even in another twin bill. Sad Sam Jones pitched the Senators to victory 4 to 3 in the opener, but the Red Sox won the second, a slugging affair, 8 to 7. Manager Bill Carrigan and third baseman Myer were chased from the field for protesting an umpire's decision.

WON IN NINTH

Bill Cashel tripled in the ninth to score Metzler with the run that enabled the Chicago White Sox to triumph over Cleveland 3-2. Blankenship outpitched Uhle and could have won without the necessity of a garrison finish, but for Carl Lind's homer that tied the score in the first half of the ninth.

The St. Louis Cardinals clung fast to their foru-and-a-half game lead in the National League race by taking the Pittsburgh Pirates into camp 4 to 3. Sherdel won his sixth straight game.

The New York Giants made it five straight over the Phillies, 2 to 1 in a pitchers' battle.

KEARNS SUSPENDED

Chicago, June 29.—Jack Kearns and Clyde Hudkins were suspended indefinitely and their licenses revoked by the Illinois boxing commission yesterday for infractions of the rules, coaching and creating disturbances in their respective corners at last Thursday's middleweight championship fight here between Ace Hudkins and Mickey Walker.

LOUGHRAN WINS IN SLOW AFFAIR

Armand Emanuel, Young San Francisco Jew, Loses First Fight in Two Years

New York, June 29.—Armand Emanuel, bronzed young fighter from the west coast, to-day smarted under his first defeat in two years, but took consolation from the fact that it was no less than a champion that gave it to him.

Making his second appearance, Emanuel dropped the decision to Tommy Loughran, king of the light heavyweights, in a slow, ten-round bout.

On the Associated Press score sheet, Loughran clearly was entitled to the decision. He was credited with six rounds, three were Emanuel's and one was even. Tommy was far from his usual condition, missed about as many punches as he landed, but still was able to outpoint his opponent by a wide margin.

Only once was there any likelihood that the bout would be decided in any manner but by official decision. In the second round Loughran caught Armand in a neutral corner, hammered over a left and right to the chin that had the coast boy in distress and apparently ready for the finishing blow. The young Jew rallied gamely, slugged his way out of the difficulty and carried the fight to the champion the rest of the way. His punches lacked steam, however, Tommy taking few if any chances, being content to pile up enough points when opportunity presented itself to carry off the decision.

The slim crowd scattered throughout the massive arena not only failed to take kindly to the match itself, the decision and the antics of the boxers, but also showed its displeasure throughout at the idea of the champign forcing the litbe Jewish youngster into the ring over the class poundage. Emanuel was forced to drink three glasses of water before weighing in, in order to scale 175¼ pounds and make the go a non-title affair. Loughran weighed 174¾.

YOUNG PEOPLE HOLD BANQUET

A most enjoyable event took place on Wednesday evening in St. Barnabas's schoolroom, when St. Barnabas's branch of the A.Y.P.A. held its annual banquet. About thirty people sat down to a prettily decorated supper table, everything being arranged with the A.Y.P.A. colors, blue and white. Dick Yerburgh, president of the branch, welcomed the members and their friends, and expressed his wish that all would have a good time.

Stanley Hawkins, president of the A.Y.P. Local Council, replied by wishing the branch still further success through the coming years, and on behalf of the visitors thanked the members for their invitation to be present at the banquet.

After a delightful supper the members brought out the A.Y.P.A. song sheets, and under the leadership of Mr. Hawkins a number of old songs were sung. The rest of the evening was spent in dancing, music and games, the crowning event of the day being a humorous sketch, entitled "Movie Mad," enacted by four of the members, which was very much enjoyed.

The branch has now closed officially until the beginning of October, but the members hope to keep together through the Summer with their tennis club, and various beach parties, etc.

PROMOTION LIST OF HIGH SCHOOL

GRADES IX AND X

The annual promotion lists for Grades 9 and 10 were made public at the Victoria High School to-day. There are three standards of promotion as follows:

First—Promotion on recommendation with honors.

Second—Promotion on recommendation.

Third—Pass standing.

In order to secure promotion on recommendation with honors, a student must have made throughout the year an average of seventy-five per cent and not fallen below sixty per cent in any subject. Promotion on recommendation is granted to students who have made a satisfactory average throughout the year. Students not included in these two categories may write final examinations in June and, if successful in these, are granted pass standing.

The following students lead in their respective groups in the two grades:

Grade 10, General Course—John Pearson, 83 per cent; Katie Scobie, 82.5 per cent.

Commercial Course—Eugenie Cantwell, 85.5 per cent.

Grade 9, General Course—Kathleen Baker, 87 per cent; Anna Clark, 86 per cent; Kathleen Armstrong, 85.5 per cent; Cecil Barner, 85.5 per cent; Muriel Davenport, 85 per cent.

Commercial Course—Fanny Cumming, 82.9 per cent.

As a result of their standing throughout the year, prizes were awarded to the following students who had secured the highest standing in each of the subjects indicated:

In English, Grade 10, Eugenie Cantwell and James Moyes; Grade 9, Kathleen Baker. In mathematics, Grade 10, John Pearson; Grade 9, Kathleen Armstrong. French, Grade 10, Grace Higham; Grade 9, Kathleen Baker and Anna Clarke. Latin, Grade 10, Grace Higham; Grade 9, Muriel Davenport. History, Grade 10, James Moyes and May Pollard; Grade 9, John McDiarmid. Science, Grade 10, Keith Brown; Grade 9, Frederic Pearson. Agriculture, Grade 10, Howard English. Botany, Grade 10, Henry Lore. Canadian History, Grade 9, Doris Burton. Typewriting, Grade 9, Matteo DiIorio.

TWO SHIPS FOR SERVICE SOUTH

Canadian Observer and Coaster to Maintain National Run

Canadian Rover and Farmer Will Be Used in West Coast Trade

With the transfer of two of the vessels to the West Coast trade next month, the Canadian National Steamships will have only two ships operating in the California service after the end of this month. These will be the Canadian Observer and Canadian Coaster, which, according to schedules received by the local office to-day, will provide four round trips a month to the South.

The sailings next month will be on July 2, 12, 19 and 26, taken alternately by these two vessels. Arrivals in Victoria will be on July 18, 25, August 1 and 8.

The other two steamers, the Canadian Farmer and Canadian Rover are to be equipped with fish oil tanks at Prince Rupert and will enter the West Coast trade, handling pilchard oil and meal. Albert Davidson, assistant general freight agent for the company was in Victoria to-day following a trip to the West Coast to investigate the situation. It is expected these wo vessels twill be ready o enter the service about the middle of next month.

Railway Board Grants Plea of Vancouver Firm

Ottawa, June 29.—The Railway Board has granted an application of the Leonard Warehouses Limited of Vancouver, B.C., asking that absorption by railway companies of cartage charges on pool car traffic be abolished. The applicant operates a storage, distributing and forwarding business and claimed absorption of such charges by the railway companies was discrimination.

WILL ELECT VICTORIAN

Vancouver, June 9.—Frank Leroy of Victoria probably will be elected president of the Washington and British Columbia State Aerie of the Fraternal Order of Eagles, according to prominent executives of the order, who are attending the convention of the aeie here.

TO REMOVE OLD FREIGHT SHED

Work Started on Tearing Down of Old Building at E. & N. Depot

Work was started yesterday on the demolishment of the old Esquimalt and Nanaimo Railway freight shed on Store Street. Reconstruction work on the passenger depot to provide for the accommodation of baggage has been completed, thus allowing the removal of the old shed.

Tearing down of this shed is another step in the railway's improvement programme for the Victoria terminal. It is the intention to fill in behind the present retaining wall when the shed is demolished, in preparation for a new depot.

MARINE NOTES

Ms. Pacific Reliance will probably arrive early Sunday morning from the United Kingdom according to advices received by King Bros., local agents. The Reliance, which is one of the Furness Pacific, Ltd. vessels recently constructed, left San Francisco at 5 p.m. yesterday for this port.

En route to Alaska, the Pacific Steamship Company's liner Dorothy Alexander arrived at 3 p.m. to-day from Seattle to pick up passengers. She will clear about 6 o'clock.

With sixty passengers and forty-five tons of general cargo for Victoria, the Pacific Steamship Company's vessel Ruth Alexander arrived at midnight last night from California, proceeding to Seattle early this morning.

SAYS WORSTED PLANT SHOULD EXPAND HERE

"As a woolen manufacturer it was only natural for me to be interested in the establishment of the worsted industry in Victoria," said A. Hepworth of Huddersfield, England, at the Empress Hotel to-day.

Mr. Hepworth is accompanied by C. Liversidge, also identified with the manufacture of woolens at Huddersfield.

"I can see no reason why the woolen industry should not be a success here," Mr. Hepworth said in discussing the establishment of the worsted manufacturing plant of the B.C. Worsted Mills Limited on Montreal Street.

He was particularly interested in the fact that the machinery for the Victoria plant had been shipped out from Bradford and last evening took the opportunity of going out to the site and inspecting the building.

"I noticed that the machinery being installed here was manufactured by Prince, Smith & Company of Keighley, Yorks., and can say that the firm is one of the most noted manufacturers of woolen machinery in the United Kingdom," commented Mr. Hepworth. "The industry is being started here in a small way and with a good market offering for the product should soon expand."

BIG CHANGES HERE

It is fifteen years since Mr. Hepworth last visited Victoria and he notices tremendous changes, not only here but also in Vancouver.

Speaking of trade conditions in Great Britain the Huddersfield woolen manufacturer stated that the basic industries, such as iron, steel, cotton and wool, were in a poor way.

"England without tarrif walls, is the dumping ground for all Europe with the result that the British manufacturers are compelled to work without profit," he declared. "On the other hand the motor and artificial silk industries are in a very healthy state."

Messrs. Hepworth and Liversidge, after spending a few days here, left this afternoon for Seattle on their return trip to Huddersfield.

"We have been coming West 6,000 miles, a wonderful journey and now we are turning our faces east for home," said Mr. Hepworth in concluding the interview.

CABLE MERGERS ARE RUMORED

Ottawa, June 29.—The outcome of the cable-wireless conference in London is awaited here with eagerness. How far the conference has progressed with its work, and what decisions have been reached, has not so far been formally communicated, but rumors of mergers have been current which have awakened more than ordinary interest, especially in view of the fact that Canada is a partner in the Pacific Cable.

H. Hebb, local agent. The Toyama has about 500 tons of general cargo for local discharge and thirty-four packages of silk besides a shipment of mail.

Tribute Paid To C.P.R. Officers

Winnipeg, June 29.—Officers and employers of the Canadian Pacific Railway united at a dinner in the Royal Alexander Hotel last night to do honor to A. E. Stevens, general superintendent for the Manitoba district, and W. H. D'Arcy, general claims agent, who are retiring from the active service list after long years of service.

The lifetime of service and the work accomplished by the retiring officers was eulogized by D. C. Coleman, vice-president Western Lines; W. M. Neal, general manager Western Lines; L. J. Reycraft, K.C., chief solicitor Western Lines, and by R. T. Hewitt, the company agent at Morton.

BAPTIST PARTY TO COME HERE

Toronto, June 29.—Members of the floating cathedral, Montroyal, who crossed the Atlantic to attend the fortieth Baptist world congress to Toronto, will this evening transfer their allegiance to a cathedral on wheels for a three-weeks' tour of the Canadian West.

The special Canadian Pacific train, which will carry the delegates into twenty western cities and towns, will consist of fifteen cars, and will act both as a church and a hotel from 10.50 p.m. to-day until the return to Quebec on July 20, when the tourists will once more board the Ss. Montroyal en route home.

Arrangements have been made for the visitors to spend considerable time at Winnipeg, Banff, Lake Louise, Vancouver and Victoria; the first named city being reached on Sunday, July 1.

NOTED NAVAL MAN IS DEAD

Sir John I. Thornycroft, Architect and Marine Engineer, Passes

London, June 29—Sir John Isaac Thornycroft, noted naval architect and engineer, died here yesterday. He was born at Rome in 1843. He has not been active for several years.

Sir John Thornycroft was one of the noted figures of the shipbuilding world and many of the improvements in modern-day vessels are due to his ingenuity. He introduced many improvements in naval architecture and marine engineering which have promoted the development of high speeds at sea.

He was educated at Glasgow University, gaining his diploma at that institution. In 1866 he founded the famous shipbuilding works at Chiswick, which have since made his name world-noted.

He was knighted in 1902.

Sir John was vice-president of the Institute of Naval Architects at the time of his death.

J. M. CAMERON IS HONORED

New Superintendent of E. & N. Is Tendered Banquet in Calgary

Calgary, June 29—Officials and officers of the Canadian Pacific Railway here paid a fitting tribute to J. M. Cameron, general superintendent of the Alberta Division of the Canadian Pacific on the eve of his departure for Vancouver Island where he will become manager of the company's line on the Island, by tendering him a banquet at the Palliser Hotel on Wednesday evening. Many speakers testified to the esteem in which he was held and to the progress the company had made in Alberta under his guidance during the many years he had been in charge of the company's interests here.

Underlying all the many pleasing things said about Mr. Cameron the cardinal note struck was that in all his dealings with the officers and staff he had at all times been impartial and fair. The speeches concluded by three rousing cheers for Mr. Cameron. Hearty good wishes were extended for his future happiness.

WILL SUBMIT REFERENDUM

Oak Bay Council to Submit Proposal Calling For Two-year Term For Reeve

Oak Bay reeves in the future will serve a term of two years if a referendum to be placed before the ratepayers next January is passed. At the present time an Oak Bay reeve is elected for a one-year term. This was the decision reached by the Oak Bay Council at their regular meeting held last night.

The council is in favor of a two-year term for the reeve but the people have to vote on the question.

An offer from J. B. Roe of $210 for a municipally owned lot situated on Topp Avenue was accepted. The council also accepted an offer of $270 from George E. Hodgson for a lot located on St. Patrick Street.

The council refused L. E. Richards a licence to operate a tea room at 1599 Beach Drive. The municipal clerk was instructed to advise Mr. Richards they would be unable to grant him permission through the fact that the location is not situated in the business section under the zoning by-law.

Two complaints were received from residents of Brighton Avenue on the present condition of the street. The ratepayers will be advised by the council that the necessary repairs will be carried out under the local improvement plan.

The council decided not to revise the zoning by-law during 1928.

A by-law was introduced declaring that no land in the municipality shall be classed as "wild land."

VETERANS CALL FOR TAGGERS

Proceeds Help to Maintain Rest Room of Tuberculous Veterans' Association

Many more conveners and taggers are required to ensure success for the Tuberculous Veterans' tag day, to be held to-morrow. The veterans are much in need of sufficient funds to maintain their rest room and assist their non-pensioned comrades.

The Women's Auxiliary to the T.V.A. is making this appeal to the public for financial support, also for more taggers and conveners.

The tag day headquarters will be at 1230 Government Street, open Saturday morning at 8 o'clock, when taggers will call for boxes and instructions. Lunch will be served and ice cream to children taggers. Those wishing to assist are asked to phone Mrs. Crocker, 5946R, or Mrs. A. Booth, 6554L.

Organizations and friends having offered to tag are:

Rockland Park W.C.T.U. taggers.

Bank of Commerce—Liberal Women's Forum, Mrs. Cassady.

Hudson's Bay Company (inside)—Mrs. C. Laing.

Bank of Montreal—W.A. to T.V.A., Mrs. L. C. Campbell.

Bank of Nova Scotia—W.A. to T.V.A., Mrs. Fouracre, Mrs. Adam.

City Hall—W.A. to T.V.A., Mrs. Cave, Mrs. Dawe.

Post Office—Queen of the Island, Mrs. Hoey.

Square Deal—Mrs. A. Galbraith.

Terry's Drug Store—Victorian Order of Nurses.

Woolworth's—Catholic Women's League.

William's Drug Store—Mrs. Moody.

Hudson's Bay Company (Arcade)—Navy W.A., Mrs. Ruddock.

Times and Pemberton Blocks—Y.M.C.A. W.A., Mrs. Mayhew.

Service Tobacco Store—Canadian Legion W.A., Mrs. Chambers.

Spencer's front door—Mrs. Woods.

Cut-rate Drug Store—Mrs. Boyde.

Spencer's corner—Victoria Women's Institute.

Keating

Keating, June 29.—Dominion Day, Sunday, July 1, will be celebrated with a special service at the South Saanich United Church on Sunday morning at 11 o'clock. The church will be decorated with flags, and red, white and blue flowers, and the pastor, Rev. M. W. Lees, will deliver the message. Special music will also be rendered.

The entrance pupils from Keating, Saanichton, West Saanich and Bamberton Schools are writing their examination papers at the Keating School this week.

Walter and Noreen Friker, of Victoria, are spending the Summer vacation with their grandmother, Mrs. Hafer, Central Saanich Road.

The Young People's Club of the South Saanich United Church will hold their regular meeting in the church on Tuesday evening, July 3. The religious conveners, Miss M. Michell and R. Heyer, have charge of the programme for the evening. A discussion of the resolutions received from the Young People's Rally held at Duncan on Good Friday will be held during the evening.

Mrs. Boggs of Port Angeles is visiting her parents, Mr. and Mrs. A. Anderson, Keating Cross Road.

Ocean Beach

Ocean Beach, June 29.—Mrs. R. Barr and Miss Verna Barr, formerly of the Belmont telephone exchange, are spending a week at their Summer cottage here, having motored back from visiting relations and friends at Pittsburgh and Hamilton.

On their return journey they visited many interesting places en route, including Yellowstone National Park.

Dr. J. C. Foote, dentist of Victoria, has opened an office at Sooke, opposite the Sooke Supply Store, and will be at this office every Saturday from 2 p.m., excepting July 14. ***

Sidney

Sidney, June 29.—A strawberry festival under the auspices of the Ladies' Aid of the United Church was held Monday afternoon and evening in the grounds of Mrs. J. F. Simister. During the afternoon tea was served at small tables in rustic recesses at one side of the garden, the following being in charge: Mrs. Wilkinson, Mrs. Lane, Mrs. Hill, Mrs. Wilerton and Mrs. J. T. Jackson, with Mrs. Simister as convener.

Ice cream was served by Mrs. Ramsay and Miss Houldsworth.

A home-cooking stand was capably looked after by Mrs. Ingarmells and Mrs. Ellis, and a miscellaneous stall was attended by Mrs. A. Critchley. Mrs. Shade and Mrs. Lees took charge of the games which were well patronized by the younger set, and Mrs. C. P. Jackson capably looked after the ticket booth. During the afternoon Miss Duncan of Vancouver rendered several solos.

For the evening's entertainment a fine musical entertainment had been arranged by Mr. Lees and added to the pleasure of the guests. Those contributing to this part of the programme were: The choir, "Glee"; solos by Mrs. T. Anderson, Miss Duncan, Mr. Lees; duet, Messrs. Lowe and Lees; piano duet, Miss Duncan and Miss Florence Hambley, after which refreshments were served.

A very interesting meeting of the Guide and Brownie Association was held on Tuesday afternoon in Wesley Hall with a full attendance of members. The president, Mrs. Goddard, occupied the chair. The treasurer's report showed a satisfactory financial fund.

It was reported that G. E. Goddard had secured a lot at the corner of Third Street and Oakland Avenue, which he has donated to the Guides, Brownies, Scouts and Cubs.

The association is now raising funds to erect a building.

Arrangements were completed for the big jamboree to be held on July 12 at "Shore Acres," by permission of Mrs. Halseth.

The attractions will be varied and numerous, including a fish pond constructed by Mrs. Mason.

Miss Lauder is donating ice cream.

A stall of novelties will be in charge of Mrs. H. H. King.

A popular item will be a cake guessing contest, of which Mrs. A. Rankins is donating.

Ladder golf, clock golf and tennis will be among the attractions. Miss Gwynne will be in charge of the tennis tournament. A pageant will be staged by the Guides and Brownies under the supervision of their leader, Miss Iris Goddard. The Scouts and Cubs will give a demonstration of first aid and signalling. During the afternoon tea will be served on the lawn, convened by Mrs. LeVack, while Mrs. Goddard will be hostess to the guests.

Cumberland

Cumberland, June 29.—Mrs. Pete Acton, who has been the guest of Mr. and Mrs. T. Banks for the last week, has left for her home on Hornby Island.

The death took place on Thursday last, terminating a long and painful illness, of Mrs. Jennie Maxwell, mother of Mayor Alexander Maxwell, and a resident of Cumberland for over thirty years. The late Mrs. Maxwell was seventy-three years of age, and was born in Scotland. The funeral was held on Saturday afternoon from the residence, Maryport Avenue, in the presence of a large number of friends and sympathizers, prominent among whom were representatives of W.B.A. Review No. 17 and Harmony Rebekah Lodge No. 22. The pallbearers were J. Horbury, William Henderson Sr., P. Coe, P. McNiven, J. L. Brown, R. McNeil. Conspicuous among the profusion of beautiful flowers which covered the casket was a large wreath from the City of Cumberland, wreaths from the two lodges of which the deceased had been a member for many years, and many other floral tributes.

Miss Margaret Robertson spent the week-end in Nanaimo, the guest of Miss Olga Owen.

DIED

ORDANO—On June 26, at the Royal Jubilee Hospital, Anna Clotilde Ordano, widow of the late G. B. Ordano, for many years of Cowichan Bay, age 62 years; born in Italy and a resident of this city for the past eleven years, the family residence being at 974 Balmoral Road. The late Mrs. Ordano is survived by six daughters, five sons and three grandchildren.

The funeral will take place on Saturday, June 30, at 3.30 o'clock, from the Sands Funeral Chapel. Rev. Dr. Clem Davies will officiate, and the remains will be laid to rest in the Royal Oak Burial Park.

SMART—There passed away Wednesday, June 27, at the Royal Jubilee Hospital, after a short illness, Mrs. Laura Olive Smart. The late Mrs. Smart was born in Lancashire, England, sixty years ago and has been a resident of this city for the past seventeen years. She leaves to mourn her loss her husband, Arthur Smart, at the family residence, 238 Government Street; three daughters, Mrs. Anderson, Nakusp, B.C., Mrs. White and Miss Irene Smart of this city, and three sons, Edward, Richard and Walter Smart, all of Victoria.

The remains were conveyed by S. J. Curry & Son to the family residence, where service will be held Saturday afternoon at 3.30 o'clock. Rev. F. H. Patt will officiate and the remains will be forwarded by Monday afternoon's boat to Vancouver for cremation.

Cumberland Wants Road to Alberni

Board of Trade Will Submit Resolution to Associated Boards Next Month

Cumberland, June 28—The following resolution, approved by the Cumberland Board of Trade Tuesday evening, will be laid before the Associated Boards of Trade of Vancouver Island in July, for endorsation: "Whereas the residents of Cumberland and district are situated only thirty-five miles from the West Coast of Vancouver Island and the town of Alberni, and whereas to reach these points, at present it is necessary to drive thirty-five miles to Qualicum and from thence thirty miles to Alberni, and whereas, the distance from Comox Lake near Cumberland to Alberni is only thirty-two miles, if an auto road was constructed to connect it would afford the people living in both districts an opportunity to trade with each other as well as afford a saving in transportation and, whereas the construction of this road would open a large quantity of good land for settlers and timber claims for small loggers, as well as make accessible to sportsmen the chain of lakes which lie in this district and prove a great attraction to tourists, which would make profitable business to the businessmen of both districts. Therefore be it resolved that the Cumberland Board of Trade request the Provincial Government to consider the advisability of the construction of this road at as early a date as possible. Be it further resolved that this resolution be submitted to the Associated Boards of Trade of Vancouver Island at their annual meeting held in July at Qualicum asking for their endorsation. Signed J. C. Brown, secretary Cumberland Board of Trade. R. C. Lang, president, Cumberland Board of Trade."

W. Douglas of Courtenay representing the Courtenay-Comox Board of Trade was present and spoke on the resolution which the Courtenay-Comox Board will bring before the Associated Boards of Trade at their annual meeting, providing for a right of way along the banks of the river, which in the event of land being bought up on both sides, will be closed to fishermen. The Rod and Gun Club will be asked to lend support to these resolutions.

J. C. Brown presented the by-laws of the Cumberland board to the members for endorsation, the by-laws being passed unanimously.

New York, June 29 (By B.C. Bond)—Hupp Motors will earn $4 a share for the first six months of 1928, against $1.14 in the same period of last year.

Sealed tenders addressed to the undersigned and endorsed "Tender for Alterations to Heating Apparatus, Shaughnessy Hospital, Vancouver, B.C.," will be received until 12 o'clock noon (daylight saving), Thursday, June 28, 1928, for alterations and additions to the heating apparatus at Shaughnessy Hospital, Vancouver, B.C.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa; the Resident Architect, Department of Public Works, Victoria, B.C.; the Caretaker, Post Office Building, Vancouver, B.C., and the Builders' Exchange, 615 West Hastings Street, Vancouver, B.C.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,
S. E. O'BRIEN,
Secretary.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint-Ease" Because it's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint-Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint-Ease" is prepared only for people who have a swollen, painful creaky, distorted or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger, and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet, because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint-Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

MacFarlane dispenses it daily for about 60 cents a tube, as do first class druggists everywhere. (Advt.)

Sour Stomach

Sweetened instantly

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

NEWS IN BRIEF

The Real Estate Board to-day accepted an invitation from the Worsted Mill Company to lunch at the new mill next month.

Stephen Jones, president of the Victoria Laurier Club, to-day sent out a call for a meeting of the executive to complete arrangements for the dinner which is to be tendered the Victoria City Liberal candidates on July 9.

The Real Estate Board of Victoria to-day decided to support the claims of Salem, Oregon, to be elected as host city to the 1929 convention of the Northwest Realty Association. Arrangements were advanced for the forthcoming convention to be held here.

Massa Singh was fined $20 in the Saanich Police Court yesterday afternoon for leaving his car on the pavement, without lights on the evening of June 24, the omission causing a boy to be thrown from his motorcycle. R. Johnson was fined $25 for driving to the common danger.

The members of the United Services Institution of Vancouver Island are invited to attend a lecture by Colonel T. Y. Anderson, D.S.O., Director of Training at National Defence Headquarters, Ottawa, at the Camp of the 23rd Infantry Brigade, Macaulay Plains, at 9 p.m., Sunday, July 1.

"This is a direct insult to the realty profession," protested Beaumont Boggs when the Real Estate Board to-day discussed refusal of Saanich to pay commissions on sales of reverted property made by realty firms. A committee from the board will interview the council, inviting unaffiliated realty dealers to join.

The Northwest Light and Power Association will probably spend two days in Victoria next year in connection with their convention, according to S. J. Halls, manager of the light and power department of the B.C. Electric Railway Company, who returned yesterday from this year's convention at Portland. About 500 members would be brought to the city in June next year if this is decidede upon.

MILITIA CAMP STARTS TO-NIGHT

Thousand Men Will Be Under Canvass at Macaulay

Advance parties representing the different Vancouver units which will go into camp to-morrow at Macaulay Point arrived this morning to make arrangements and draw stores for their respective companies.

The 16th Canadian Scottish will open the camp to-night when their contingent leaves the Armories at 7.30 to march to Macaulay. In all, over 1,000 men are expected to go under canvass this year and will be drawn from the 16th Canadian Scottish, the 1st B.C. Regiment, Seaforth Highlanders, Irish Fusiliers and the New Westminster Regiment.

The Vancouver men will come in on a specially chartered boat and will dock at the Imperial Oil Company's jetty to-night. Saturday afternoon will be devoted to military and physical exercises.

On Sunday, July 1, the many friends of the 16th Canadian Scottish will have the opportunity of visiting the militia men at their camp quarters.

The regiment is expecting a large number of guests who have expressed a desire to see the camp and view the intricacies of camp life.

SUNDAY PROGRAMME

The Sunday programme is an extensive one. There will be a full regimental church parade in the morning under the supervision of the padres of the battalion. Following this parade there will be a brigade ceremonial review on the barracks square at Work Point. The march past and the taking of the salute by Brigadier-General McNaughton will be an imposing spectacle. The ceremonial review will afford Victorians the opportunity of witnessing the march past of a battalion at war strength, a battalion composed solely of militia men of this Province.

The afternoon will be devoted to the brigade sports which are also to be held on the barracks square at Work Point. It is anticipated that a large number of spectators will be on head to cheer the athletes of their favorite units.

One of the most eagerly anticipated events of the camp will be held on Sunday evening on the beach at Macaulay Point. Here the militia units have planned to entertain their friends at a beach party. The evening is to be very informal, no set programme having been arranged. Large beach fires will be kindled around which the regiments and their guests will join in a sing song. The regimental bands will be in attendance, and a thoroughly enjoyable evening is predicted for all those who visit the camp on this evening.

The regiments will break camp on Monday when the Vancouver men will return on the afternoon boat. The Victoria brigades will stay until the evening.

Camp Brigadier, Col. H. S. Tobin of Vancouver, will be in charge of the camp, and will be assisted by Brigade Major, Lieut.-Col. A. Leslie Coote.

OBITUARY

There passed away yesterday, June 28, at the St. Joseph's Hospital, Ralph McGowan, aged forty-eight years. The late Private McGowan was born in England and had been a member of the 88th Battalion, 1st Tunneling Company, Canadian Engineers. He is survived by his widow, one son and daughter at the family residence, 311 Battleford Avenue. The remains are resting at the S. J. Curry & Son Funeral Home, corner Quadra and Broughton Streets. Funeral arrangement will be announced later.

The remains of the late Mrs. Laura Olive Smart have been conveyed by S. J. Curry & Son to the family residence, 238 Government Street, where service will be held to-morrow afternoon, June 30, at 3.30 o'clock. Rev. F. H. Patt will officiate, and the remains will be forwarded by Monday afternoon's boat to Vancouver for cremation.

The funeral of the late Mrs. Anna Clotilde Ordano, who passed Thursday morning at the Royal Jubilee Hospital, will take place to-morrow afternoon, June 30, at 3.20 o'clock from the Sands Funeral Chapel. Rev. Dr. Clem Davies will officiate and the remains will be laid to rest in the Royal Oak Burial Park. The late Mrs. Ordano was the widow of the late G. B. Ordano of Cowichan Bay, and is survived by six daughters, five sons and three grandchildren.

MATHESON CHALLENGES CANDIDATES

Independent Conservative Asks Tory Nominees to Meet Him in Debate

Would Argue With Liberals, Too; Members' Work in House Is Questioned

Capt. R. P. Matheson, Independent Conservative candidate in Victoria, who is running as a protest against the activities of Victoria Conservative Members in the Legislature, to-day issued a challenge to any one of the regular Conservative candidates to meet him on the public platform in debate. Mr. Matheson proposes that the debate centre around his allegation that the former Conservative members served selfish interests in the Legislature at the expense of the public. If his plan is carried out the debate will be broadcast by radio, each speaker being allowed forty-five minutes.

At the same time Capt. Matheson challenged Liberal candidates to meet him in debate.

DENIES STATEMENTS

Capt. Matheson announced his challenge in a statement given out to-day as follows

"In a letter in to-night's Times under the above heading Robert W. Green follows H. Depard Twigg's bad example and accuses me of making incorrect and unfounded statements.

"I hope that you will permit me to inform Mr. Green and any individuals who may have been influenced by his letter that I have to-day written to the four Conservative candidates asking whether one of them will meet me on a public platform from which our debate can be broadcast, and from which we can speak for forty-five minutes each on the question Did the Conservative Opposition in the past four years serve private interests and enable these interests to enrich themselves by millions of dollars at the expense of the people of British Columbia?

WOULD COVER STATEMENTS

"The debate should cover a number of my statements, and if Mr. Green will tell me which statement he considers incorrect I shall repeat it when I meet the first Conservative candidate who accepts my invitation.

"I have sent similar letters, with reference to the services of the Liberal Government to private interests, to the four Liberal candidates."

BETTER PICTURE MOVE EXPLAINED

J. O. Gray Tells Industrial Group of Chamber About Film Company

Better Pictures Incorporated, founded by church, school, public welfare and business leaders of the United States and Canada, its objects and progress, were explained to members of the industrial group of the Chamber of Commerce at luncheon to-day. J. O. Gray, president of the British better pictures movement, was the speaker. James Parfitt occupied the chair.

Better Pictures Incorporated had taken over the Coliseum Theatre, in which it intends to show its own films.

An initial picture with a theme of universal peace was to be made to put over the British films idea. This would cost in the neighborhood of $60,000, and would be made in Victoria and on Vancouver Island. The money for this picture may be a direct loan to the company or 60,000 shares of stock may be issued.

Mrs. Smith to Speak at Luxton

Mrs. Mary Ellen Smith, Liberal candidate for the Esquimalt riding; R. A. C. Dewar and Mark Graham, Liberal candidates for the Victoria constituency, will be the speakers at a meeting to be held in the Luxton Hall on Saturday evening at 8 o'clock.

LIBERAL PARTY AT FORESTERS' HALL TO-NIGHT

Arrangements have been made to ensure an enjoyable evening at the Liberal Association dance at the Foresters' Hall, Cormorant Street, to-night. An attractive programme has been drafted which includes dancing, and cards for the non-dancers. Ozard's five-piece orchestra will supply music. Progressive whist will be played. There will be tombola prizes. Refreshments will be served. All Liberals are invited.

REV. H. NIXON IS INDUCTED

Nanaimo Man Is New Pastor of Fairfield United

The Rev. Hugh Nixon was inducted into the pastorate of the Fairfield United Church last night during a welconning ceremony attended by a large number of the congregation and friends of the church.

Rev. Mr. Nixon comes to the city after a most succesful four year pastorate at First United Church, St. Andrew's, Nanaimo.

The installation service last night was under the direction of the Rev. W. A. Guy, chairman of the Victoria Presbytery, who after a cordial welcome to Rev. Nixon and his family, conducted the worship period, calling on several members to assist him. Rev. James Hood spoke of the opportunity confronting the pastor in his new charge and admonished him to be faithful to his trust.

Rev. J. P. Westman addressed the congregation and gave some valuable suggestions showing how the congregation could assist the pastor as he outlined his new and enlarging programme.

After the induction the audience was invited to the commodious basement of the church where Mr. Fred Schroeder acting as chairman, called upon the following people to address the gathering. John Armstrong representing the stewards of the church, A. C. Charlton, who spoke for the session, E. B. Jones who spoke of the fine Sunday School awaiting the leadership of the new pastor and told Mr. Nixon the important department held a challenge equal to anything in the city. Mrs. Charlson reported for the ladies' aid; Miss Henderson for the W.M.S., and H. Cross for the men's organization.

Mrs. Arthur Dowell favored the audience with a well-rendered solo and Miss Pike gave a pianoforte solo which was much apreciated.

Rev. Mr. Nixon in his brief remarks, said he wished in the first place to express his sincere appreciation of the honor bestowed upon him.

Mr. and Mrs. Nixon both replied to the expression of loyalty shown by the various organizations of the church and assured Fairfield people they would receive of the best they had to give as they were looking forward with hope and confidence to a successful and happy pastorate.

Before closing J. E. Hopkins moved a hearty vote of thanks to Rev. W. A. Guy, charman of the Victoria Presbytery, for his assistance during the past three months. The ladies' aid then served a dainty lunch and the meeting closed with the National Anthem.

The young ladies of the church had the auditorium beautifully decorated with flowers.

REALTORS TOLD OF INDUSTRIES

Ald. H. O. Litchfield Reviews Work of Civic Industrial Committee

The work of the industrial committee of the City Council was explained by Alderman H. O. Litchfield to-day in an address before the Real Estate Board of Victoria, lunching at David Spencer's Limited.

Recalling that he had been opposed to bonusing industries, Alderman Litchfield said that inquiries in the Old Country had shown him that keen competition had caused such cities as Leeds and Huddersfield to organize active industrial committees and offer inducements to industrial concerns.

MANY INTERESTED

During the present year the industrial committee had been in touch with at least eighteen new industries, he said, proposing to locate in Victoria. All preferred dealing with an official committee of the council to making inquiries from unofficial organizations.

Advertisements of the city in British newspapers have produced replies and called attention to the advantages of Victoria.

Elk Lake farm and other locations have been planted to New Zealand flax as an experiment, following inquiries from a manufacturer as to possibility of introducing the industry.

F. B. Pemberton believed flax growing should be successful and had personally imported seed for experiment. He suggested the city distribute more seed, especially in Duncan district.

Alderman Litchfield was accorded a hearty vote of thanks for his review.

OF NO BENEFIT TO WORKING MAN

Norman Whittaker Criticizes Dr. Tolmie's Promises of Tax Reduction

Dr. Tolmie's promise to reduce the income tax and succession duties was criticized by Norman Whittaker, Liberal candidate for Saanich, last night, on the grounds that such tax reduction would be of little interest to the average working man. Mr. Whittaker was speaking at a successful meeting held in the Mackenzie Avenue School, with Mrs. J. McN. Beckett in the chair.

Commenting on the dumping duty as the criticism directed at it by Dr. Tolmie and his followers, Mr. Whittaker pointed out that it was entirely a Federal matter, which neither a Conservative nor a Liberal Provincial Government had power to alter. The candidate stated he personally believed in a dumping duty and would do all in his power to have such a duty put into force.

Mr. Whittaker reviewed the social legislation passed in the Province in the last twelve years, instancing the Equal Guardianship or Children's Act, the Testators' Family Maintenance Act, and the Minimum Wage laws for women as very beneficent pieces of legislation. He also pointed out that it is estimated $720,000 will be spent in Mothers' Pensions in 1928. He dealt in detail with state health insurance, pointing out than any comprehensive scheme must of necessity embrace maternity benefits and pledged himself to do all in his power, if elected, to see that such an act was placed on the books.

H. W. Davey of Victoria, in a brief address, claimed that any reduction of succession duties is against the interest of the general public. The Liberal Party's policy toward labor was one of vital interest to the whole community, and he emphasized the value of the government's establishment of a Department of Industries which had made it possible for companies to expand their industrial undertakings and employ further labor.

Mr. Davey asserted that Dr. Tolmie in his manifesto gave nothing to assure the public that the requirements of the Minimum Wage Act would be enforced in all industries.

Francis Simpson, after paying personal tribute to Mr. Whittaker's fine character and unusual ability, claimed that if the conduct of the Liberal Government had been good they should get the benefit of the credit. He enlarged on the benefits of Old Age Pensions and asked why, instead of carping and criticizing, the Opposition did not bring in some constructive amendments.

Many questions were asked and replied to by Mr. Whittaker during the meeting.

Judgment was reserved by the B.C. Court of Appeal to-day in the hearing of the Midlakes Timber Company versus the C.P.R., an appeal by the railway company from a series of awards on claims for fire damage to timber.

Hearing opened in the appeal of Topham versus Motor Securities Limited.

The Court of Appeal will be the only court to continue its sessions into the long vacation, which will begin on Monday next. A number of appeals will be withdrawn to be presented at the October term of the court at Vancouver, it is anticipated.

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)

Winnipeg, June 29.—Wheat market was again quiet to-day with only a moderate and mixed trade passing. Opening prices were ⅛ to ⅝ cents higher based on the cables which came a little stronger than due. There was no export business worked overnight worth mentioning, and the early demand was quickly satisfied, after which prices declined from 1 cent to ½ cent under last night's close, but on this break there was a little seaboard buying dribbling into the pit and with a certain amount of short covering going on, prices reacted rather sharply, climbing ½ cent over last night's close.

The strength in corn and other coarse grains was a factor in the strength in wheat, however, the buying did not follow the bulges, and prices again eased off in the late trade. It was said there were foreign bids in the market but that they were considerably out of line, and that the foreigner continues to show indifference as to his present and future requirements. July, the old crop month, continues to be the weak future widening its discount to 2 cents a day under October. At this level shippers are satisfied to buy against sales of October which were doing again to-day and it is not likely that the two months will get farther apart.

Coarse grains—Oats and rye were fairly steady throughout although little upturn early was not held, both closing about ⅜ cent lower in the nearby months. These markets appear to be pretty well evened up, with a very moderate demand existing. There was short covering at times in July barley and at one time this month advanced 2 cents over last night's close. However, this was all lost later finally closing ⅜ cents lower.

Flax continues dull and weak closing about 1 cent lower. Demand slow and market featureless.

Chicago, June 29—Wheat Market displayed a firm undertone, the greater part of the session, but selling near the close carried prices about one cent under the outside figures. Trade was light and prices held within narrow limits.

Weather in the southwest was generally fair with only widely scattered showers over night. The forecast, however, suggested showers and local thunder storms. Receipts at Wichita were again fairly liberal at around 145 cars. Weather and crop reports from both Canadian and American northwest were generally favorable. Export demand was again slow with no sales of importance, private crop estimates due Monday are expected to be bearish. We would rather sell than buy wheat.

Corn: Market was strong under the leadership of July. Prices up 2¼. Offerings increased on the upturn however and there was persistent selling which caused a sharp reaction. The close was weak and at the bottom. Weather generally favorable. Local cash basis steady to two cents lower. We are still bearish on corn.

WHITNEY LETTER

(By Branson, Brown & Co. Limited)

New York, June 29.—Whitney of the Wall Street Financial Bureau says to-day:

Money down—stocks up—the expectation was voiced here yesterday that stocks would make high points in yesterday's market and would begin to ease before the end of the week, incidentally, before the end of month, and that with a down turn in the call rate would come further upturn in stock prices. The call rate never reached the predicted eight per cent but, on the other hand, started its decline a day earlier than expected, when several banking institutions were thoroughly out of sympathy with the artificial inflation which characterized the present money market, and equally out of sympathy with what they regard as the decidedly clumsy handling of the Federal Reserve Board's open market operations, declined to its hold funds from the market any longer.

"In addition, it was finally publicly announced that gold imports from Canada had been received by the N.Y. Federal Reserve and amounted to $8,000,000. Further shipments will be made from Canada and, in addition, at least by the middle of next week there should be announced the first return of metal from a European point.

"So far as the market is concerned, it is unlikely that week-end profit taking will amount to enough to result in other than a moderate slowing up in the advance of these issues which have already distinguished themselves by the rapid recoveries they have made from the bottoms established on the reaction.

"Stock which have been purchased should be held, at least until next week, when even if indications then point to moderate recessions, it will pay to bear in mind that what we have just passed through was simply an interruption in an uncompleted bull market and one which overran expectations largely as a result of the collapse in Bank Italy stocks.

"Atlantic Refining is scheduled to establish a new high for the year to-day. This issue should become Texas Pacific of the oil group.

NEW MOTOR ALIGNMENT REPORTED

New York, June 29.—The World to-day says that Detroit interests are reported to have bought the Briggs body plant and that there is still persistent talk of alignment of this company with a group of independent motor companies which are its best customers. The World says that it is asserted the buyers expect the stock to earn $5 a share for 1928.

BOND MARKET

New York, June 29—Trading was light but prices were firmer in the bond market to-day. The more optimistic atmosphere was reflected belief that the tightness of money rates is easing. While call money renewed at 7½ per cent and banks called more than $10,000,000 in loans, traders appeared to be inclined to the opinion that the high rates were attracting additional funds and expected a return flow of gold such as started yesterday from Canada.

Utilities were among the groups to show small gains, Montana Power 5s leading the advance with a gain of more than a point. Public service of New Jersey 4½s also advanced.

Industrials were neglected but firm. Baltimore and Ohio refunding 6s attracted most buying in the rails group.

The foreign list was inclined to heaviness.

New York, June 29. — Call money stronger, high 8, low 7½, ruling rate 7½, closing bid 8.

Time loans firm, mixed collateral 60-90 days 5¾, 4-6 months 5¾.

Prime mercantile paper 4¾@5.

Bankers' acceptances unchanged.

Wall Street To-day

(By B.C. Bond Corporation's Leased Wire)

New York, June 29, the Evening Edition of The Wall Street Journal says)—Recession which took place in the active issues following the advance of call money to eight per cent. Early in the afternoon were largely checked in last hour and while the market was somewhat irregular at the close it appeared as if this irregularity were caused by profit taking rather than by a fresh influence of liquidation because of the higher money rate. The renewal charge was 7½ per cent. Banks called about $30,000,000 in loans presumably in final preparation for the big turnover of funds in connection with the half-year settlements.

Specific news developments included the denial of the application for an injunction to restrain the Dodge-Chrysler merger and an increase in the Hupp Motor dividend rate. In the face of eight per cent money bullish traders argued that with further shipments of gold from Canada and with the export of the metal to France apparently checked, the credit outlook had been materially improved.

The street continued to cling to the expectation of easier call rates by the middle of next week. Attention was also called to the fact that the May exhibit of railroad earnings showed substantial comparative improvement, the claim being advanced that the drain in railroad earnings appeared to have been checked.

CANADA SETS NEW INSURANCE RECORD

Hartford, Conn., June 29—A total of $49,870,000 of ordinary life insurance was purchased in Canada during the month of May. This represents a gain of twelve per cent over sales last May and is the largest volume ever written in a single month. The fact that eighty per cent of contributing companies share in the above gain indicates the extent of this prosperity. These figures are furnished by the Life Insurance Sales Research Bureau and represent the experience of companies having in force eighty-four per cent of the total legal reserve ordinary life insurance outstanding in Canada.

ANACONDA MAKING

New York, June 29.—The New York American this morning says that coincident with the current report that a new merger of the lesser copper companies is a possibility, it is reported that the Anaconda management is working out consolidation plans of its own.

Montreal Stocks

(By B.C. Bond Corporation's Direct Wire)

Montreal, June 29.—Followers of Noranda Mines, who have seen the stock making daily new high records for the past week, were not disappointed by its action this forenoon on the curb market. The demand for the issue was more insistent than has been experienced since the current movement set in and the pace of the advance was the most rapid yet shown in any single session. Opening at 42, it mounted steadily under heavy buying until it touched a peak of 45.10 just before the close. Its final price of 45.00 represented a gain of 3.70, with total sales amounting to over 120,000 shares.

Another mining issue, Coast Copper, also provided a prominent feature. Following its sudden spurt of yesterday it extended its advance to 47, but receded from this price to 44, for a net improvement of 2 points.

The whole curb list reflected the better feeling that has been developing for the past few days. General Steel Wares has shown a good recovery from its low and to-day after opening two points higher, finished with a gain of 1½ at 32½. Can. Cement at 39 and Intl. Pete at 39½ advanced half.

Bullish sentiment is steadily gaining ground on the local exchange, as well as in other American and Canadian markets. On such a day just preceding a three-day holiday it would not have been surprising to see some profit taking, but there was no such thing going on.

Winnipeg, June 29.—Flin Flon Mines Limited, will open its townsite next December, D. E. Phelan, vice-president and general manager, announced here to-day.

The plans call for a model town, sanitary in every respect and as near fireproof as possible.

The site, 9,000 feet away from the smelter plant, is on the shores of Rose Lake, with Flin Flon Creek running through it. A name for the new town has not yet been decided on.

MONEY MAY HOLD FIRM, BLISS SAYS

(By N. P. Bliss)

New York, June 29.—Yesterday's advance carried the average price of the industrials to within approximately three-fourths of a point of the level reached on the sharp rally which followed the break of June 12. In the intervening period there has been, we think, a substantial strengthening of the general market situation, but, even so, we find it difficult to believe that the recovery of the past two days marks a complete turn-about and the beginning of a sustained advance. If money rates do not ease next week there undoubtedly will be substantial disappointment. It is quite possible, we think, that money rates may not have the decline in the near future than many expect them to have. So far as we can see, there are no plain evidences of a change in Federal Reserve policy, and while the market may grow more or less accustomed to a high rate for accommodation, we think there will have to be plain signs of a substantial increase in the supply of credit before the entire market situation can be said to have been corrected.

It is probably true that the higher grade industrials and rails have met with a considerable amount of quiet buying during the past week, but we continue to believe that this buying will not be followed up in volume in the immediate future. On further strength we would prefer to take profits on stocks bought for trading purposes during recent weakness, and would be inclined to defer fresh purchases, particularly if such purchases were intended to be held over a period. In other words, we believe that present strength is more of a trading rally than resumption of definite upward swing.

STOCKS SEEN LOWS FOR THE SUMMER?

New York, June 29 (By B.C. Bond)—The stock market may have seen its worst for the Summer, according to some good Wall Street opinion here.

"Our thought remains that standard stocks have seen their lows for at least the Summer season and that such retracement of ground as may occur in the next thirty days will be relatively unimportant as measured by late Summer prospects," Hornblower & Weeks say to-day. "We would continue to favor the standard stocks, although following further advance in this department, issues of lesser speculative weight will begin to attract attention."

CAR LOADINGS SHOW BUSINESS ACTIVITY

New York, June 29 (By Branson, Brown)—An indication of the great business actiyity is shown by the volume of car loadings which in the week ending June 2, exceeded the corresponding week in 1927 and for three consecutive weeks previous ran over the million-car mark, the Brookmire Economic Service states.

SMELTERS' CHIEFS COME TO DECIDE ON COAST MINES

Vancouver, June 29.—J. J. Warren, president of the Consolidated Mining & Smelting Company, and W. M. Archibald, manager of the mines, were in Vancouver on Wednesday, but came and went without divulging any information either in regard to their intentions in respect of Coast Copper, George Copper and Big Missouri, two mines very much in the public. Several of the local brokers endeavored to get some first-hand information about the Consolidated's intention for the future development of those properties, but with little result, the policy of silence being closely adhere to by those officials.

Some of the officials and engineers left last night for Stewart to visit the Big Missouri and inaugurate work on the George Copper.

A strike of bornite at the nine-hundred and twelve hundred-foot levels at Coast Copper two weeks ago is regarded here as the main factor in the rise of the stock. Bornite is a high grade copper sphlide, much richer than ordinary copper ore, and is really a sort of natural copper concentrate.

Some of the bornite was taken to Victoria from the mine and from its ore content was regarded as giving the mine an enhanced value. News of the discovery leaked out slowly. In the meantime, officials of the Consolidated are reported to have started buying up the stock quietly, and it is the steady buying orders from this source that has been the factor in raising the price in the East, according to brokerage news.

The problem of transportation from the mine has recently been engaging the attention fo Consolidated officials. Last year a survey was made for a projected railway from the mine to Quatsino Sound on the West Coast, and only a few weeks ago the company's surveyors and engineers, along with several of the directors, made a preliminary survey of a route to the East Coast of Vancouver Island. The location of the possible terminal on the East Coast has not been divulged, but it is presumed to be somewhere in the neighborhood of Port Hardy or a little southward.

Of equal importance in regard to the future of Coast Copper is the likelihood of the company establishing a smelter on the coast. It is recognized that if the Consolidated does not erect a smelter of adequate size somewhere along the coast line, then some one else will do so, and the Consolidated is known to be anxious to retain this business in view of the present phenomenal developments in mining all over the province.

NORANDA SOARS $5.00 HIGHER AS PAPERS KNOCK IT

Toronto, June 29 (By R. F. Castle).—Noranda was again the feature of the market on the Standard Exchange here to-day.

With the two chief Toronto financial papers panning the stock as hard as they can, and printing stories to the effect that Noranda stock is not worth anything like the prices at which it is selling, the stock to-day raced up $5 a share to another new high of 47.10. It closed at 46.50—46.75. It seems the harder some of the papers knock the stock the more determinedly it rushes up.

Coast Copper was another strong feature selling here at another new high on this move of 44 and 44.50.

McIntyre held about the same, selling as high as 25.15.

Pend Oreille was again strong, selling early at 14.00 and then rushing up to close at 14.50—15.00.

Total sales for the day were 1,432,581 shares.

GENERAL MOTORS SEEN AS STILL CHEAP

New York, June 29 (By Branson, Brown)—Dealing with the General Motors situation, J. S. Bache & Company, say that the stock may still be considered reasonably priced, and that "with special devolopments of interest to stockholders anticipated by this company in August, material appreciation is likely to be seen in the price of this security prior to the announcement of such developments."

NEW SECURITIES LOAD BURDENS LOANS

New York, June 29 (By Branson, Brown)—E. H. H. Simmons, president of the New York Stock Exchange, at a convention of Wisconsin banks, explains the large brokers' loans by saying that the present high level is due to the large volume of new securities in the market.

SUGAR

New York, June 28.—The sugar market closed at noon to-day with no sales reported in raw sugar. Late yesterday 29,000 bags of Porto Rican sold to a local refiner for arrival about the middle of next month at 4.36 delivered. At this level there was a further buying interest, but holders generally asked 1-32c more, or 4.40 delivered. The refined sugar market was quiet and unchanged at 5.90 for fine granulated.

PLAN TO DEEPEN HOME OIL NO. 2

Calgary, June 29.—Bailing and drilling were carried out at the Home well No. 2 yesterday and more than 216 barrels of light crude oil were obtained under difficult conditions.

Large quantities were lost in the process of bailing and it is the opinion of officials that the well as it stands will be at least a 250-barrel producer. It is intended to carry the well down 40 or 50 feet deeper in the Dalhousie sand.

BIG MISS: REPORTS LARGE ORE STRIKE

Toronto, June 29 (By R. F. Castle)—It was rumored yesterday that Big Missouri had cut 100 feet ore in diamond drilling in its main ore zone, Solloway & Mills say. Big Missouri has been one of the outstanding strong spots in the Pacific Coast stocks. This has been attributed to the fact that Consolidated Smelters will make their final payment to the company late next month.

MABEE EXPLAINS CREDIT AND GOLD SITUATION IN N.Y.

Bank figures from every Federal Reserve district show that the member banks have been obliged to increase their investment holdings during the past seven years to a greater extent than ever before because neither their own customers nor the collateral loan market in New York was able to absorb the abundance of their supplies, according to authoritative information gathered by R. S. Mabee, manager of The Bond and Investment Banking Department of Pemberton & Son.

In addition, never before has so much money been offered to the market from outside, that is, from foreign banking agencies, corporations and other non-bank lenders. Recently, during the past month or more, the Street has not been permitted to avail itself of these supplies at low rates.

The total gold holdings of the United States were at maximum in May, 1927, when they reached $4,609,304,678. At that time and for a long time before Federal Reserve and other banking authorities had frequently asserted that we could lose $1,000,000,000 of this supply without in any way impairing the basic credit structure of the United States. Since May, 1927, we have lost approximately $500,000,000 in gold holdings. The gold certificates now outstanding in circulation, which are subject to replacement by Federal Reserve notes, are sufficient to increase the Federal Reserve Bank's gold reserve by approximately $600,000,000.

It is complained that, owing to member bank borrowings at the Federal Reserve banks during the past year, discounts have increased from $361,000,000 to $1,043,000,000, the highest volume of rediscounting since January 4, 1922. Of course, as gold is lost the member banks are obliged to borrow at the Federal Reserve banks, but that is what the Federal Reserve banks are for.

GOLD HOLDING CHANGES

In January, 1922, the total holdings of the United States were $3,656,988,551. Gold holdings totaled this year, as of May 31, $4,161,113,792.

Member banks' reserve borrowings at the Federal Reserve banks were at peak on November 5, 1920, when they totaled $2,826,825,000. The extreme high points of borrowings at the Federal Reserve Bank covered a period ranging from June 20, 1919, to December 10, 1920, the actual peak for the system having been attained on November 5, 1920.

During the period when member bank borrowings were at maximum, the total gold stock of the United States ranged from a low point of $2,704,672,504 on October 1, 1920, to $3,092,037,699 on June 1, 1919, and the average gold holdings from June 1, 1919, to January 1, 1921, were approximately $2,869,283,324, compared with present gold holdings of $4,161,113,792.

The United States has a greater proportion of gold behind its notes and deposit liabilities than any country in the world. It has 15 per cent more than all European countries combined and 125 per cent more than all the rest of the world outside Europe.

N.Y. Market Gossip

New York, June 29.—Regardless of whether or not the Fisher Bros. have made an offer to purchase the Rockefeller holdings of "AFI," the fact remains that the stock is cheap for long pull investment. However, it cannot be expected to do much in the way of a sustained forward movement before there is further improvement in the oil situation by the time conditions in that baste industry are normal. The quoted prices for "AFI" ought to be higher than any heretofore recorded.

Louisville and Nashville is a cheap investment rail. Not only is the present dividend very well secured, but there are excellent prospects of an increase in the rate to at least an 8$ basis. The stock should be accumulated on any moderate recessions.

General American Tank Car—Will probably show a net or around $7 per share this year and in line with established precedent, shareholders may conservatively look forward to another stock dividend. "OT" has been attracting buying from prominent investment trusts in recognition of the fact that the stock is conservatively entitled to command higher prices.

Postum Company—The declaration of the 100 per cent stock dividend and the placing of the new stock on a $3 annual basis was in line with the forecast frequently made in this service. The payment of the stock dividend along with the issuance of shares in part payment for the Cheek-Neal Company increases the outstanding number of "PS" shares to a total of 3,820,094. To this amount must be added the additional block of stock which the management sold privately in order to provide for the cash payment of $21,250,000 required in the acquisition of the Cheek-Neal Company. On any fair recessions "PS" should prove a very desirable issue to purchase for long pull investment.

American Tobacco—In spite of the increased competition in the cigarette field, American Tobacco is expected to show larger earnings in 1928 than it did in 1927. The sale of "Lucky Strike" cigarettes has shown a particularly large increase thus far this year, and improvement has also been shown in the other branches of the business. On the basis of both dividends and earnings it is attractively priced around current levels.

Standard Oil of New Jersey—Very large holdings of "J" have been liquidated in the open market by a prominent estate, but the selling from the source has been offset to a large extent by the accumulation of the stock by a strong group. Jersey is expected to be the leader of the oil group in the next major forward move. If there is a sufficient improvement in the oil situation in the latter half of the year, the stock could easily get up into new high territory.

OVERLAND OUTPUT HIGH

New York, June 29.—Willys-Overland weekly output has exceeded 10,000 cars for the last three weeks.

NELSON HEARS PREMIER OF B.C.

(Continued from page 1)

SINKING FUND GROWS

Opening his speech, the Premier said he wished to discuss the finances of the Province.

"I am going to admit frankly the provincial debt has increased and at the same time I am going to tell you I am not worried about it," he said.

"Every year we are setting aside sufficient money as a sinking fund to wipe out all our obligations at maturity. We are setting aside $1,175,000 for this fund annually and we now have $16,000,000 in the bank for this purpose," the Premier added. "Proportionately the increase is not as large as the debts of some of the other provinces. Furthermore, our sinking fund is larger than those of Alberta, Manitoba and Ontario combined.

DEMANDS INCREASE

"All the provinces have had to incur increased debts. We are being called upon to do things and spend money for purposes never dreamed of twenty years ago.

"But there is nothing to be alarmed at. Our finances were never in better condition and we have not strained our credit.

"The interest and sinking fund charges on our bond issues for roads are financed entirely out of the tax of three cents a gallon on gasoline and the motor tax.

"The policy of the Government is to continue building roads and improve those we now have.

"Now, what is the Tory policy in regard to road? The Tory candidates are going up and down the country promising roads left and right," said the Premier, "but in the last Legislature the Government introduced a bill to provide for the borrowing of $4,000,000 for road construction and every Tory in the Legislature voted against it."

Home Oil Flows 300 Barrels Now

Vancouver, June 29 (By R. F. Castle)—Our report from the field to-day is that Home Oil continues to flow at the rate of 300 barrels per day, Solloway & Mills say. This has all the appearance of an important well and we are of the opinion that the stock will sell higher.

WHITEWATER CUTS LEAD ORE AT DEPTH

Retallack, B.C., June 29—The concentrator at Whitewater Mine is crushing high-grade ore to capacity, W. H. Burgess, managing director, reports. The company is shipping an average of nine carloads a week of concentrates to the Trail smelter.

Whitewater's new hydro - electric plant is nearing completion and should be furnishing power by the end of this Summer. The dam required is nearly finished and the right-of-way for the transmission line has been slashed and almost cleared.

At a depth of about 1,900 feet a five-foot vein of almost pure lead was encountered recently. The ore runs about eighty-three per cent lead and 100 ounces of silver to the ton and is shipped direct to the smelter without milling.

Whiteweater's great ore bodies are proving richer as the veins go down.

Snowflake Ore Body Examined By Geologist

Vancouver, June 29—Survey of the possibilities of the Snowflake Mine near Revelstoke was made during the past few days by Professor Joseph Daniels, head of the geological department of the University of Washington, and by C. H. Gunning, Dominion geologist.

J. B. Williams, head of a group of local men interested in the project, reports that both experts declared there was every indication of an extremely large galena ore body in Snowflake Mountain. The indications warrant continuance of development operations on the present scale, they said.

The geologists were of the opinion the ore vein is a continuous dyke, indicating that the mineralized area is not localized, but has resulted from a general eruption. Silver and lead have been forced up from a considerable depth, indicating the presence of a large ore body in the mountain.

Mr. Williams reports that sixteen men are engaged on the main tunnel, which is now 320 feet long. Progress is being made at the rate of eight to ten feet daily. It is estimated that this tunnel will give sufficient ore to provide shipments for fifteen years, said Mr. Williams.

A. G. Langley, provincial mineralogist, accompanied the party.

SMITH LEADS U.S. DEMOCRATS

Houston, Texas, June 29.—Only one ballot was required at the Democratic National Convention here last night to nominate Governor Al. Smith of New York as the party's candidate for the Presidency of the United States. The official tabulation after all changes of votes by state delegations to Smith from others had been recorded gave the New Yorker 849 2-3 of the 1,300 votes in the convention. He needed but 733 1-3 to nominate.

BEFORE CONVENTION

Those placed in nomination were: Senator Walter F. George of Georgia, Governor Alfred E. Smith of New York, Evans Woollen of Indiana, Representative W. A. Ayers of Kansas, Senator James A. Reed of Missouri, Gilbert H. Hitchcock of Nebraska, Representative Cordell Hull of Tennessee, Atlee Pomerene of Ohio, Huston Thompson of Colorada and Jesses H. Jones of Texas.

The balloting was started at 10.37 p.m.

VOTES CHANGED

The vote which really turned the trick for Smith was contributed by Ohio, which, on the first call of the state, had voted almost solidly for Pomerene. When the rollcall was completed Smith had 724 2-3, with 733 1-3 needed to nominate. The chairman of the Ohio delegation, obtaining recognition in competition with the spokesmen of other states who also wanted to change their delegation's votes to the winner, announced a vote of forty-five from that state for Smith. That gave him 768 2-3. Other delegations followed.

Of the fifty-five states and territorial delegations in the convention, Smith in the end had the solid support of thirty-five. Five states — Florida, Georgia, Missouri, South Carolina and Texas—gave him no votes up to the last.

METCHOSIN FARMER ENDS LIFE AFTER SHOOTING HIS WIFE

(Continued from page 1)

TRAGEDY REVIEWED

As reconstructed by provincial police officers Sergeant Robert Owens and Constable Richard Meadows, the scene of the slaughter tells a graphic and conclusive story of a sudden impulse to end miseries created by long-standing illness.

Mrs. Mitchell had served dinner on a table set in the middle of the living-room of the comfortable three-roomed residence, the police believe. Mitchell had been suffering agonies with his foot, and with a rubber boot on one foot and a slipper on the left, limped from the couch to the table.

As the wife poured the tea he buttered bread as he took one bite she took her seat opposite him, with her back to the open door. Mr. Mitchell put down his bread, rose, seized a pump shotgun from the corner of the room, and shot his wife as she sat at the table.

DIES ON THRESHOLD

The wife arose, staggered to the open doorway, collapsed on the threshold, and died from a great wound under the right breast.

The husband then hobbled around the table, clasped the heavy body in his arms, and staggered with her to the couch on the far side of the dining table, the weight being almost too great for him to carry in his emaciated and lame condition.

DESPERATE COURAGE

Laying the remains on the couch, Mr. Mitchell seated himself between her feet on the end of the couch, and shot himself in the body. His trembling hand was unable to hold the pumpgun steady at his heart, and the charge landed in his groin. He made a second attempt, and again the charge went wide of the mark to tear a hole in his body below the lungs. He then placed the muzzle of the gun in his mouth and a third time pulled the trigger. Sounds of shots at this time were heard by neighbors, but disregarded as the district is famed for hunting.

The dead man is believed to have a brother in Quebec, and Mrs. Mitchell to have a sister in the United States, but little is known about their families.

GENERAL MOTORS MAY CUT ANOTHER 40 PER CENT MELON

New York, June 29 (By B.C. Bond)—General Motors is expected to declare a stock dividend of about 40 per cent at the dividend meeting scheduled for August 9. Such action would be in line with the established precedent of the company and in anticipation of that development, General Motors could easily work into new high ground. The current earnings are considered as making the stock appear attractive on moderate recessions.

Again the Pendulum Swings Upward

YESTERDAY afternoon the British Columbia Mining Market took an upward swing. All across the board prices responded to the buying power which made itself felt, and close market observers noted this as the forerunner of another period of activity similar to that of the early Spring. Right now is unquestionably the right time to buy.

The Penny Princess

By ANNE AUSTIN Copyright 1928

CHAPTER XL

Breakfast that Friday morning—the second day after Vera Cameron's abduction by Prince Ivan—was a strained, unpleasant affair.

Vee-Vee had slept very little. She was wretchedly tired and her head ached fully from lack of sufficient ventilation. Spiritually and mentally she was at the lowest possible ebb, for she knew that to-day the more ruthless kidnaper, "Satan," the instigator of the ransom enterprise, would return, possibly victorious, to take her back to civilization, the Crandalls and certain exposure.

The prince, his fat, round little face mottled with sleeplessness and dull anger because he had been thwarted at every turn, refused to eat the breakfast Vee-Vee had cooked over the glowing coals in the fireplace. He had abandoned all pretence of treating her as a princess and the woman he wanted to win in a reconciliation and remarriage. His popping blue eyes followed every movement she made, mocked her, promised, wordlessly, that he would have his revenge upon her.

"Happy" was almost as depressed and nervous as his prisoners. He made no secret of the fact that he was expecting his partner in crime at any moment and that he was frightened as to the outcome of the venture which he had opposed from the first. Twice while the sorry farce of breakfast was being played out "Happy" stamped to the door, unbolted it, and stood looking out toward the hills.

"The more I think of it the less I like this business," he muttered to Vee-Vee, after his second unsuccessful search of the heavens.

"Maybe Satan has come to the same conclusion," Vee-Vee suggested wearily. "I hope so. Don't you think you'd better clear out while you have a chance, Happy? You've been a good friend to me, and I don't want you to have to pay the penalty for Satan's greed."

Vee-Vee could only guess at the mental torture which the thwarted prince was experiencing. He was, as the kidnapers had pointed out to him, as guilty as they in abducting the supposed princess and heiress. If the kidnapers were caught, "Satan" and "Happy" would certainly have no compunction about involving the prince as their accomplice, throwing the blame upon him as the instigator of the plot.

If, on the other hand, they were successful, they would probably lock him alone in the cabin, to give themselves time to get safely away, after they had returned the supposed heiress to her parents. They would consider it no part of their duty to arrange a safe conduct for the prince back to civilization. In this isolated cabin in the hills the prince might very easily starve to death before a picnic party or a passing inhabitant of the hill country could rescue him.

Vee-Vee was moved almost to pity for the scheming little ex-nobleman as she reviewed the hopeless aspects of his problem. If she had been the real heiress, his former wife, he might have had some faint hope that she would have pity on him, secretly arrange his rescue from the cabin after she herself had been safely returned to the bosom of her family. But Ivan was well aware that the girl for whom ransom was even now being demanded was a nobody, that the mistake as to her identity would be discovered as soon as the Crandalls laid eyes upon her. No, he could hope for nothing from the girl he had brought to such a pass.

Vee-Vee was washing dishes and the prince was playing a sulky game of solitaire when "Happy" made his third reconnoitre from the door of the cabin. He stood there for many minutes, a hand shading his eyes, which were upturned to search the heavens. He was evidently expecting "Satan" to arrive by aeroplane.

The prince, glancing up from his cards, saw the preoccupation of the kidnapper and rose stealthily from his stool. He advanced on tiptoe to the fireplace, wrested from Vee-Vee's hands the frying pan she was washing and, still on tiptoe, advanced as noiselessly as a cat toward the kidnaper, whose back was turned to the room.

Wild thoughts flitted through the girl's brain. If the prince should succeed in knocking out the kidnaper, the two of them—the prince and she—would be free. If he failed, if some slight noise or movement warned the kidnaper in time, the prince might very well die before her eyes. And the chances were, of course, a hundred to one that he would fail, for "Happy" had served a long apprenticeship in crime; he would not be easily disposed of by an amateur crook like the prince. If, on the other hand, he did succeed in stunning the kidnaper and disarming him, she would have lost her one friend, strange as that friendship was.

"Do you see anything, Happy?" she called out in a casual voice.

At her first word the prince stopped dead in his tracks, concealing the telltale frying pan behind his back, and the kidnaper turned his head to answer her:

"Nothing yet."

Fifteen minutes later, the kidnaper, still slouching in the open doorway, flung up the hand which nursed the pistol and waved it wildly over his head.

"There he is! He's going to land in the next field!"

Vee-Vee and the prince both ran to the doorway. But if they had had any thought of trying to escape, it was swallowed up in the terrible drama of the next few minutes. For as Vee-Vee stared over the kidnaper's shoulder, the plane, which had been circling under perfect control, suddenly dipped and careened wildly, plunging toward the earth at a sickening rate of speed.

"My God!" "Happy" cried out hoarsely. "Something's gone wrong. And he's going to land on that hill—in the tree tops—"

Before he had finished uttering his prophecy it had been fulfilled. The plane plunged straight for the hill, turning over and over as it whirled downward. Vee-Vee clapped a hand to her eyes to shut out the inevitable horror of the catastrophe, but she could not help hearing the crash, the splintering of wood. While she was still tremblingly shielding her eyes there came a terrific explosion, and she knew that "Satan" as least would never trouble her again.

During the next minute she scarcely knew what happened, for she was too violently nauseated by the thing that happened on the placid, treacherous bosom of the hill. She heard sobbing curses uttered incoherently by the surviving kidnaper. She heard the prince shouting and arguing; she was dimly conscious of the struggle between the two men; heard, faintly, the crack of a pistol shot. Then she knew nothing else, for her knees buckled under her, her head struck the corner of a stool drawn up to the wall near the door, and she had fainted.

When she regained consciousness she was lying on the lower bunk in the front room of the shack, and Prince Ivan's arms were about her, his kisses frenzied and wet on her neck and cheeks.

Her hand, feeling as heavy as lead, came up slowly, instinctively, and pushed with all its power against the fat, dimpled cheek that was pressing against her throat.

"Stop!" she moaned, struggling to rise, but the prince's shoulders were pressing against her chest, his hands had seized hers, were gripping them crushingly.

As her brain cleared, a dreadful realization of what had happened came to her sharply. "Happy," who had befriended her, protected her, was gone, of course. "Satan" was dead, his plane a twisted mass of burned timber and steel. And she was alone with the prince—

That realization galvanized her slender body, gave her an almost superhuman strength. Somehow, while the prince's breath came panting against her cheek, she managed to free her right hand. A moment later she had drawn from the pocket of her tweed skirt the can opener with which she had had the foresight to arm herself the night before. With all her strength she jabbed the sharp point of the instrument into the prince's left shoulder, which was still pressed crushingly against her chest.

He sprang up with a howl of rage and pain, his face livid, his hand clapped to his injured shoulder. Vee-Vee took instant advantage of her opportunity to slide from the bunk and run toward the door. The prince gave her scarcely a glance; he was busy tearing off his coat to inspect his wound.

In that short flight from the bunk to the door she prayed a wild prayer that the door would be open, that she could escape. Her fingers clawed at the rusty iron hasp of the door, and to her incredible relife it swung open. "Happy," in fleeing, had not forgotten his promise to her. At the risk of his own liberty he had decided not to lock her in the cabin with the prince, until he could make good his own escape.

She was tumbling down the three rotten steps of the cabin when she heard the thud of the prince's feet as he plunged across the floor after her. Reason halted her feet. She reached up, seized the door by its dangling padlock hasp, and pulled it shut, just as the prince, from within the cabin, hurled himself against it. Her teeth were chattering with fear but her fingers were as strong as steel as she lifted the padlock over the hasp and snapped the jaws into place. The prince beat upon the door, called wild, incoherent promises and threats to her, but she did not heed them.

She was fleeing down the faintly marked path, her feet winged with the joy of freedom, her brain too dazed to formulate any plans, even for the first stages of her flight, when a lusty shout came ringing and echoing across the little meadow in which the cabin lay:

"Vee-Vee! Wait! It's Jerry, Vera! Stop!"

CHAPTER XLI

When Vee-Vee heard Jerry Macklyn's voice she stopped as suddenly as if she had been shot, stretched out her arms, whirled blindly as if searching for him, then sank, a crumpled heap, to the tall, lush grass over which she had been speeding towards freedom. Jerry had come!

She was murmuring those words, brokenly, when his arms went about her, lifted her, held her close against his breast.

"I knew you'd come, oh, I knew you'd come," she told him over and over, sobbing against his breast like a child waking from a nightmare.

"Poor Vee-Vee!" He held her so close that she could feel the thumping of his heart. But he did not kiss her, although it required every ounce of his strength to keep his lips from that adorable, quivering mouth that was so near his own. He did not want a kiss of gratitude, given in a moment of reaction.

"Aren't you curious to know how I found you?" he asked gently.

"Not much," she confessed, sighing with profound contentment. "But—how did you find me? I knew you would," she added childishly, as if she could not say the words often enough.

"Your roughneck boss has been hobnobbing with a princess and an heiress worth forty million dollars," he grinned down at her. "As a matter of fact, the princess and I are the best of friends. We go driving together before dawn—"

"Jerry!" she cried, lifting her head from his breast and staring into his blue eyes incredulously. "Vivian Crandall came with you. Not her, Jerry!"

"If you're going to use grammar like that I'll have to fire you and get a new private secretary," Jerry laughed boomingly. "Yes, ma'am. Miss Vivian Crandall in person, not a movie. She's waiting in my car on the road below. I told her I'd better tilt with the prince alone. By the way, where is he?"

"I locked him in the cabin, after—after—" Vee-Vee shuddered.

"Judas Priest, child!" Jerry scolded her. "Don't you ever go to the movies? Don't you know you spoiled my big scene? I was all set to tear you from the villain's arms and give him the beating of his life, and then you go and rescue yourself! Now, I ask you, is that nice? Is that the way a helpless heroine behaves—stealing the hero's thunder?"

BEDTIME STORY

Uncle Wiggily's Reading Lesson

(Copyright, 1928, by McClure Newspaper Syndicate)

(By HOWARD R. GARIS)

"Can't you stay with us a little longer?" asked the ants who were having a picnic in the woods.

"Thank you, no," answered Uncle Wiggily. "It is nearly time for school to be out and I want to meet Baby Bunty and my own forty leven little rabbit boys and girls and see how well they knew their reading and writing lessons. So good-by, little ants! I hope you have a nice time for the rest of your picnic."

"Oh, we are sure to, thanks to you!" said the head ant who was something like a Queen Bee. "You gave us crumbs to eat and you made a puzzle for us."

This was quite true. A little while before, Uncle Wiggily had carried for Baby Bunty in his pocket a slice of bread, which made many crumbs. So when he met the ants going on a picnic with nothing to eat, Uncle Wiggily gave them Bunty's bread crumbs which were more than enough.

Then, to amuse the ants, Mr. Longears made three pictures which were the names of three games to play.

"And I guessed them first!" squeaked a little red ant. "The games were tag, duck on the rock and hop scotch!"

"Have you had your reading lesson today?"

"Right you are," said Uncle Wiggily. So, leaving the ants to play tag and other games, Mr. Longears hopped off through the woods to go to the Hollow Stump School which, he thought, would soon be out.

Now as Uncle Wiggily hopped along, all of a sudden the old rabbit gentleman heard a rustling noise in the bushes near him beside the path. The noise followed right along with Uncle Wiggily, going fast when the rabbit hopped fast, and so on.

"I had better see what is making that noise before I go much farther," said Mr. Longears to himself as he came to a sudden stop. "It may be only the wind, but it may also be a Bad Chap."

And, surely enough, that last is just what it was. All of a quickness out of the bushes waddled the Pipsisewah with the two horns on the end of his nose; he looked at the rabbit.

Uncle Wiggily had to think quickly and be very smart to fool the old Pipsisewah. Then, all at once the rabbit gentleman said:

"Have you had your reading lesson to-day, Mr. Pip?"

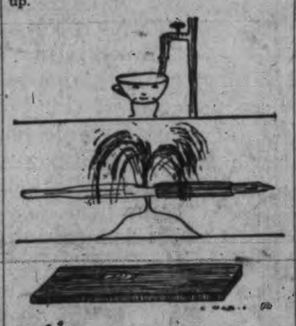
"My read—my read—reading lesson!" stammered the Pip. "No!"

"Then you must have it at once!" said Uncle Wiggily, sharply.

"Ha! But how can I have a reading lesson when I have no book?" the Pip asked cunningly, for he was a sly fellow and bad.

"I'll make a book. There are plenty of leaves for it around here," said Mr. Longears. Picking some leaves off a tree, the rabbit put them between two pieces of white birch bark for covers and gave them to Pip, saying: "There's your reading lesson. Recite!"

The Pip looked at the green leaves. He squirmed and twisted. He held the queer book upside down and downside up.



What are these things?

"I-er-now-I can't read this! It's too hard!" he said.

"What can you read?" asked Uncle Wiggily.

"A-now-a newspaper!" said the Pip.

"Then you skip home, get yourself a newspaper and bring it here to me. I'll soon tell whether you can read or not!" cried Uncle Wiggily. And the Pip was so surprised that, before he knew what he was doing away he ran to get a paper.

"Ha! Ha! I fooled him, all right!" laughed the rabbit. "As if I'd wait for him to come back to bite me! No! no!" So Uncle Wiggily went on to school.

Classes were not quite out yet, and, to amuse the children, Mr. Longears made a little puzzle for them. He drew three pictures without names and said: "Name these things, my dears!"

Did the animal boys and girls do it? Ah, but you can? Anyhow, if the mud turtle doesn't drink all the ink out of the milk bottle and turn into a coal shovel, I'll tell you next about Uncle Wiggily and the four new rabbits.

CANDIDATES GREETED IN WEST OF CITY

(Continued from page 1)

Compulsory payment, semi-monthly of wages had been a great boon to the working people, he pointed out.

The Minimum Wage Act of 1918 for women, for which Mrs. Smith had been chiefly responsible, had greatly bettered conditions.

Aid to industries financially had shown that the Government was fully alive to the necessity of providing increased employment and development, he declared, mentioning the Sidney Rubber Roofing Company and the Hiker Toy Company—as concrete examples of the working of this legislation of interest to the Victoria West electors.

The Government had shown through its actions it was out to help working people, he asserted.

There was still room for improvement in the Workmen's Compensation Act, continued the speaker, although it had been considerably bettered since first introduced under the Tories. Benefits had been materially increased for widows and children and for disability cases.

MOTHERS' PENSIONS

The Mothers' Pensions Act of 1920 for which Mrs. Smith was again largely responsible was another achievement, he declared, outlining some of the provisions of this law.

"Many men in Victoria West have felt the benefits of the Male Minimum Wage Act of 1925, and," the speaker continued, "I am sure the Hours of Work Act has met with distinct approval." Alderman Dewar mentioned several of the seventy-four pieces of legislation which he said had been placed on the statute books during the administration of the Liberals.

"Don't you think conditions in this Province are improving considerably?" he asked, comparing the $78,000,000 industrial payroll of the Province in 1916 with the $176,000,000 payroll in 1927. He also quoted figures to show an increase of nearly 3,000 industrial firms during the last twelve years.

Dealing with the financial policy of the Government Mr. Dewar declared there was no better proof to him of the soundness of this policy than the fact that British Columbia bonds sold at a much greater price now than when the present administration took office. Financial houses buying these bonds instituted thorough investigations into conditions before making bids, he pointed out, and the results were reflected in the prices offered.

There were many problems still to be solved, said the speaker, and Premier MacLean and his colleagues were eminently fitted to solve them, better so than a new government would be. Changing the government at the present time would be like changing a lawyer in the midst of a difficult case, he concluded, asking for support of the electorate for the Victoria candidates and the Liberal Party as a whole.

In introduction, Mr. Graham, the next speaker, referred to his work with the Kiwanis Club, mentioning some of the activities of the club in connection with underprivileged children work.

The question which a business man should ask himself before the election, said Mr. Graham was: "Has my business been a success during the last four years, and will it be as successful under the same administration during the next four?"

The working man should ask: "Have I been reasonably employed during the last administration, and does this Government's policy insure me work during another term?"

The father and mother should ask if there was future for their sons and daughters.

ENCOURAGEMENT OF CAPITAL

Dr. MacLean's policies, as outlined in his manifesto promised in the affirmative for the business man, said Mr. Graham, encouragement of capital, stable taxation and wide publicity for the attraction of settlers being factors for success. Increased industries and more settlers would also mean more employment for the working man.

Settlement and industrial expansion also meant a favorable reply to the father for his son's employment, said Mr. Graham, pointing out that the number of apprentices in the Province had increased from 1,281 in 1926 to 1,554 in 1927.

With regard to the mother's question, said the speaker, girls were protected from birth to old age by the Government's social legislation, referring to the Maternity Benefits Act, Mothers' Pensions Act, Minimum Wage Act and Old Age Pensions Act. Surely this legislation should satisfy every woman in the Province, and would more than ever help to sway the vote.

CRITICISMS

Mr. Graham dealt with criticisms of the Province regarding the manner in which the youth left home.

"If I am elected," he said, "one thing I will do will be to create all the industries I can so our boys and girls need not leave the Province to secure a living."

The Province was fortunate in vast natural resources, all eyes of capital were turning towards the Northwest, and prosperity was assured. To get the benefit of these, it was necessary to retain the present administration.

Mr. Straith opened his remarks with a tribute to the late Dr. M. Raynor, who was active in the work of the Victoria West Brotherhood.

He also referred to the policy which the Victoria candidates had taken for the election campaign of no words against the character or personalities of the candidates on the opposing side.

PREACHING GLOOM

There were two types of parties contesting the election, said Mr. Straith. One was full of confidence in the future of the Province and had incurred debt to better the conditions of its industries. The other party was preaching gloom and pessimism and a retrogression policy, which, he said, would surely not keep boys at home.

As soon as he had set foot in the Province from Ottawa recently, Dr. Tolmie had warned the electors not to be deceived "by Liberal statements of progress." By this he could only mean that the Province was not progressing.

"We don't want a pessimistic leader for the Province."

Rt. Hon. Arthur Meighen, "the arch-pessimist of Canada," was condemned at the last Federal election in his own constituency, and his party was refused. Dr. Tolmie and his party would be turned down in the same way.

INDUSTRIES GAIN

Mr. Straith quoted figures to show the mining industry had gained in output 50.8 per cent in the 1927-26 period under Liberals over the 1907-16 period under Conservatives. Agriculture had gained 182 per cent in the same periods, lumber 240 per cent and fishing 95 per cent. And yet Conservatives could preach pessimism when there was an average increase of 101 per cent in the Province's basic industries. No wonder the boys leave home when a party leader is preaching such pessimism.

Mr. Straith attacked the statement of Dr. Tolmie that population had decreased in the Province, no recent census had been made, but by school population figures which showed an increase of 56 per cent in the last ten years, it could be assumed the population could certainly not have been retarded.

Mr. Straith went on to explain the Government's work in excluding Orientals; he answered criticism with regard to raw log export, showing only 3.3 per cent of timber controlled by the Government was exported in a raw state.

TEST OF PROGRESS

A test of progress was the ability of the people to buy luxuries, said the speaker. Automobiles, which are sometimes considered such, had increased from 8,596 in 1916 to 85,000 this year.

In conclusion Mr. Straith pledged his support to the cabinet, and the Premier declaring there was no friction in Liberal ranks, and all candidates stood solidly behind the former Government.

Greeted by loud applause, Mrs. Smith flung a quick retort at a heckler who suggested "may be" when she declared the present Government would be returned. "There are no 'May bees' flying these days," she said.

Mrs. Smith outlined the social legislation enacted by the Liberal administration, delving deeply into many of the subjects.

ABUSE NOT REASON

"Our opponents are very busy trying to cover up what has been done, by discrediting other matters. But abuse is not reason; scandal is not argument," she declared.

Discussing legislation, she explained the Liberal Government had brought many of the laws up to date, mentioning in succession the Equal Guardianship Act, the Minimum Wage Act, the Adoption of Children, Mothers' Pensions, Testators' Family Maintenance, Factories Act amendments, Old Age Pensions and Workmen's Compensation.

Mrs. Smith dealt at some length with the finances of the Province, asserting the Liberals had reorganized the financial programme and pulled the Province out of a bad hole. Increased services had been given the people by legislation and in spite of this, by thoughtful and careful financing, the debt of the country and much taxation had been reduced. She referred to the productive and non-productive debt, setting the figure of actual debt at $46,500,000, for which there was a large sinking fund.

FINANCIAL PROSPERITY

Mrs. Smith referred to a statement by Tom Moore, who has a seat on the League of Nations, regarding the financial prosperity of British Columbia.

"If British Columbia can make the League of Nations sit up and take notice, surely it can support the Government which has given it this position."

Mrs. Smith closed with a plea for support at the polls for the Government and the Victoria candidates.

ROBINSON JOINS SMITH AS DEMOCRATIC CANDIDATE IN UNITED STATES

(Continued from page 1)

GESTURES OF HARMONY

Impressive gestures of harmony and conciliation proceeded and followed Governor Smith's election last night as candidate for the presidency. Just before the ballot was taken the party platform, contrary to the usual course, was adopted without a fight in open convention. After the nomination had become a fact, Governor Smith's most active rival, Senator James A. Reed of Missouri, told the delegates no one would be more loyal than he to the newly chosen party nominee.

When the convention came to an end at 1.47 p.m. to-day the delegates separated and began to leave Houston for their homes. The convention lasted four days.

Joseph Taylor Robinson was born in Lonoke, Arkansas on August 26, 1872. After an eventful career during which he was a barrister, member of the Congress and Governor of Arkansas. He was elected to the United States Senate on January 28, 1913. He resigned his post as Governor to join the Senate in which he has remained a member until the present time. Mr. Robinson's home is at Little Rock, Arkansas.

Sore, Aching Feet

Tender feet—tired, aching, burning and swollen feet! The minute you put them into a "Tiz" bath you can feel the pain being drawn out and glorious comfort being restored.

"Tiz" draws out the poisons and acids that cause your feet to ache, swell and burn. It also takes the soreness out of corns, callouses and bunions. Get a box of "Tiz" at any drug or department store and have real foot comfort at last. Costs only a few cents.

DANGEROUS STOMACH ACIDS UPSET DIGESTION

Few people, other than physicians, realize the importance of keeping the food contents of the stomach free from fermentation. Healthy, normal digestion cannot take place while the delicate lining of the stomach is being inflamed and distended by excessive acid and gas—which causes fermentation of food in the stomach. To secure perfect digestion, fermentation must be stopped or prevented and the acid neutralized. For this purpose there is nothing better than a little pure Bisurated Magnesia—either powder or tablets—which can be obtained at any drug store. Take a teaspoonful or two tablets in a little water immediately after eating. Bisurated Magnesia is very widely used for this purpose because it is pleasant to take, has no disagreeable after-effects and instantly stops fermentation, neutralizes the acid and makes the sour stomach contents bland, sweet and easily digested. As there are several forms of magnesia be sure to specify Bisurated Magnesia, the regular use of which is the best possible guarantee of healthy, normal digestion. (Advt.)

Book of Knowledge

Sketches by Bessey. Synopsis by Braucher.

DAY BIRDS OF PREY

The bold fierce hunters of the air correspond to the great flesh-eating mammals that prowl the earth. Swift-winged robbers they are, but serve their useful purposes, too, ridding the earth of polution which would poison our health. They kill the superfluous in the huge bird family, and censor rats, snakes and herb-eaters. The artist has sketched a common European Buzzard.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

Here an Osprey is shown plunging swiftly to the water. Soon he will emerge with a fat fish in his powerful talons.

Here is the Greenland Falcon which ranges from the old homes of the Norsemen, through northern Europe and the cold, dim lands of North America.

It is curious that men have been able to call into servitude birds from this fierce line. In the middle ages and earlier, falconry was a favorite sport in Europe. Falcons were trained to bring down birds from the sky and then return to the owner's wrist. Today in Palestine and India the Saker Falcon is used to hunt birds and animals in India. Solution of Yesterday's Puzzle

To-morrow's Horoscope

SATURDAY, JUNE 30

Benefic aspects rule to-day, according to astrology, but there is one sinister sign to take into consideration.

Under this planetary government the sway is encouraging to big land deals and real estate should be exceedingly active.

Home buying will be prevalent all through the Summer, it is forecast, and gardens will attain general recognition as of supreme value.

Interest in horticulture is to be productive of important movements in many cities, astrologers foretell, for science is to make parks newly beautiful and wonderfully instructive to lovers of trees and plants.

Again discontent on the part of the people is signified and it seems to be certain that civic affairs will be investigated in many places.

The planetary government to-day is fortunate for men and women who have attained the habit of success. To him that hath it shall be given while this configuration prevails.

There is a favorable aspect for the giving of presents to-day, unless the gift be an engagement ring.

Persons whose birthdate it is may have good luck through wills or inheritances.

Children born on this day probably will be extremely intelligent. The subject of this sign succeed in the learned professions. Many historians and fiction writers belong to this part of the month of June.

CONVENTION OF HORTICULTURISTS

Delegates Arrive From Vancouver to Terminate Sessions Here

Delegates to the eleventh annual convention of the Northwest Association of Horticulturists, Entomologists and Plant Pathologists, which concluded its Mainland sessions yesterday at the University of British Columbia, are now visiting Victoria.

The convention chairman is E. J. Newcomer, entomologist of the United States Department of Agriculture at Yakima, Wash., while Prof. F. E. Buck, of the University of British Columbia, is acting as secretary.

Over 100 delegates are here from Washington, Oregon, California, Idaho and British Columbia.

The sessions have been attended by experts from the Okanagan, Agassiz and Vancouver districts and Vancouver Island, as well as from other sections of the Province.

The opening sessions were held at the University of British Columbia on Monday, with the welcoming ceremonies being presided over by Dean R. W. Brock.

The activities of the opening day included a tour of the University departments and campus and the reading and discussion of several fifteen-minute papers on technical questions.

On Monday evening Mr. Justice Denis Murphy addressed the association at a banquet in the University grill-room. Specific problems were discussed on Tuesday, and yesterday the delegates arrived in this city to enjoy an interesting programme of tours.

Yesterday a visit was paid to the Crystal Garden and this afternoon's programme includes a visit to Butchart's Gardens at Brentwood and the Dominion Experimental Station at Sidney, and the horticulturists will have an opportunity of studying astrological research methods at the Dominion Astrophysical Observatory this evening.

Face Peeler Reveals Beauty of Youth

To make your skin naturally lovely and to preserve this youthful beauty, use regularly a little pure mercolized wax. Get an ounce at any drug store and use as directed. The wax peels off the outer layer of aged, or blemished skin gently but surely, removing all such imperfections as pimples, freckles and dry, coarse skin. With the removal of the cuticle, the new skin is revealed, clear, fresh, supple, with that lastingly lovely appearance of youth. Mercolized wax brings out the hidden beauty. To quickly remove wrinkles and age signs, use as a face lotion 1 ounce powdered saxolite and 1 half pint witch hazel. (Advt.)

Hotel Rotunda Gossip

L. Bradbury of San Francisco and owner of Moresby Island, in the Gulf group, was registered at the Empress Hotel to-day. Mr. Bradbury has established a Summer home on Moresby Island and plans to spend part of the season there.

Californians continue to flock into the city by air, rail, sea and motor routes, and a number of prominent Southerners have been sojourning here for several months.

Among the Californians staying at the Empress Hotel to-day are Dr. and Mrs. H. E. Piper of Santa Cruz, Mr. and Mrs. C. M. Boynton of Berkeley, Dr. and Mrs. W. B. Power of Redlands, Mr. and Mrs. Leonard G. Heller and the Misses Lorraine and Naomi Keagen of San Francisco, W. T. Dement, Berkeley; Mrs. J. T. Keith, Thomas Blyth, Mr. and Mrs. L. A. Hayward, V. K. Potter and Miss Bonnie Lamb of Los Angeles, H. O. Archibald of Alhambra, Mr. and Mrs. S. Thornton of Oakland, Mr. and Mrs. J. J. Perry of Long Beach and Mr. and Mrs. J. E. Blanock of San Jose.

Mr. and Mrs. J. O. King of Cheyenne, Wyo., and Mr. and Mrs. Edward C. Hunt of Cleveland are also staying in the city.

DAD'S MEGAN

Megan Lloyd George, twenty-six-year old daughter and inseparable companion of David Lloyd George, is a Liberal candidate for the House of Commons, and her election next year is almost taken for granted. This will be the first time a father and daughter had seats in Parliament together. Which seems queer, with all the talk about daughters invariably following in their father's footsteps.

AT THE THEATRES

GRIPPING STORY IS SHOWING NOW AT VARIETY THEATRE

When Richard Talmadge first leaped into the motion picture limelight, the leap was so literal that he has been doing it ever since. And in "The Blue Streak," his latest contribution to the hilarity of the somewhat depressed human race, he is at his bounding best—equipped with a vehicle that purrs prettily on all straight eight cylinders all the time.

"The Blue Streak" is showing at the Variety Theatre. As its title frankly admits, it is a sort of exclamatory story of what can happen to a young man who goes into the southern republic bent on disclosing various kinds of skullduggery which are afoot.

"THE GAY RETREAT" FEATURE COMEDY NOW AT PLAYHOUSE

Something new in feature comedy dramas, "The Gay Retreat," is showing at the Playhouse Theatre and kept that place of entertainment filled with laughter during the entire showing of this rollicking farce. This is a war film with a difference, because it pictures entirely the amusing angles of the late unpleasantness. And Ted McNamara and Sammy Cohen are the two mirthmakers who are responsible for most of the hilarious situations in the picture, though Gene Cameron, as the sleep walking doughboy, and Charles Gordon as the hard boiled sergeant, do their share to keep an audience happy.

REALISTIC HOLD-UP IN NIGHT CLUB IS SCENE IN PICTURE

A realistic hold-up of a New York night club is one of the thrilling details of "The Big City," Lon Chaney's sensational Metro - Goldwyn - Mayer underworld romance, now showing at the Dominion Theatre. Chaney plays a gangster leader in an amazing plot of night life, with Marceline Day, Betty Compson, James Murray and others of note, directed by Tod Browning.

THRILL AFTER THRILL IN PICTURE NOW ON COLUMBIA SCREEN

For many years, Western photoplays have been regarded as the most thrilling type of movies. Second to these, the railroad stories have probably bought more actual thrills to the screen than any other pictures.

James Cruze is one of the first directors to perceive the possibilities of combining the two. In "The Night Flyer," a Cruze production starring William Boyd at the Columbia Theatre to-day, a small frontier centre of half a century ago is the setting.

Pistol fights, hold-ups and a great railroad wreck vie with each other for thrill precedence.

POLA NEGRI USES EXPRESSIVE HANDS TO CONVEY DRAMA

Pola Negri first become a past-mistress in the art of pantomime when she appeared on the stage in Warsaw in a part which required only movement—with not a single spoken word. This experience made her take to motion pictures.

In "Three Sinners," Pola Negri makes splendid use of this great gift. The picture plays at the Capitol Theatre to-day.

Second only to the face—are the hands for expressing emotions, according to Pola Negri.

When she first came to America, before she learned to speak English, Miss Negri used her hands in working out her parts with other actors.

The stage specities at the Capitol present a varied entertainment, with Bidwell and Rice in a comedy singing, and instrumental noveity act; Jacquiline Griffith, violinist, who also dances and sings, and Biles and Gold, in dance numbers. The Concert Orchestra, with Harold Bechtel singing, are also on the bill.

Serpentine Dance At Crystal Garden Dominion Day

With serpentine flying freely, two first class orchestras presenting the latest dance hits and hundreds of dancers being carried away to the strains of the music, Monday's serpentine dance, which will be held at the Crystal Garden, promises to be a gay event. A steady demand for tickets has been made and indications point to a bumper crowd being on hand to celebrate Dominion Day.

Dancing will start promptly at 9 o'clock and continue until 1 a.m. Tickets for the event are on sale at F. B. Richardson's, 736 Yates Street; Ivel's Drug Store, Yates Street, and the Crystal Garden.

Don't Make a Toy Out of Baby

"Babies Have Nerves"

By RUTH BRITTAIN

Much of the nervousness in older children can be traced to the over-stimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour to an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Fretfulness, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep; yet it contains no drugs or opiates. It is purely vegetable—the recipe is on the wrapper. Leading physicians prescribe it for colic, cholera, diarrhoea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria you get a book on Motherhood, worth its weight in gold. Look for Chas. H. Fletcher's signature on the package so you'll get genuine Castoria. There are many imitations. (Advt.)
